A Euphoric Beginning

"The future belongs to those who believe in the beauty of their dreams."
- Eleanor Roosevelt

The story of DPS Monarch International School begins with a beautiful dream dreamt by our Chief Patron, **Mr. Mohammad Bin Hammam**, Patron **Ms. Aisha Bint Mohammad Bin Hammam**, and our wise and wonderful President, **Mr. Hassan Chougale**. Our Vice President, **Mr. Yasir Nainar** took this project to heart, and went on to nurture it. This dream was shared with his trusty Board of Directors.

They looped in our efficient and dynamic Principal, **Ms. Meenal Bakshi**.

Big plans were being made and voila! An enduring anchor institution was built!

Our team of dedicated teachers soon arrived. In facilities, we aimed for the best, from books and technology indoors, to the luscious green field outdoors. And finally, the students were enrolled. We started with a handful, and today, within a span of one year, we have a staggering total of nearly 2000 students!

We feel very fortunate and proud to celebrate this successful milestone.

We vow to continue to take the school to greater heights,
With all our might! This is not the end...
It is the beginning of a new era of education...

INAUGURATION CEREMONY OF DPS MONARCH INTERNATIONAL SCHOOL

The official Inaugural Ceremony of DPS-Monarch International School was celebrated on Wednesday, 1st November 2019, in the school auditorium with much grandeur, with a galaxy of dignitaries and over 300 people in attendance.

Mr. Mohammed Bin Hammam Al Abdullah, our school Chief Patron, H. E Mr. Omar Al Noum, Assistant Undersecretary, Ministry of Education, H. E Mr. P. Kumaran Ambassador of India to Qatar, H. E. Mr. Ali Abdul Latif Al Mesned, Chairman of Al Bida Group, Dr. Seetharaman CEO Doha Bank, Ms. Aisha Bint Mohammed Bin Hammam, School Patron graced the occasion as the esteemed Guests of Honour. Among other special guests were Mr. V. K. Chowdhary and Mr. V. S Manangi from Al Muftah Group, Mr. Hassan Chougule, School President, Mr. Yasir Nainar, School Vice-President along with EC Members Mr. George Thomas (Director Finance), Mr. Gopi Varadhan (Director Development), Mr. Sreedharan Kunniramath (Director IT & Planning), Mr. Rocky Fernandes (Director Security & Transport), Mr. Harish Kanjani (Director Facilities), other members of the board, Ms. Meenal Bakshi, Principal DPS Monarch, Ms. Asna Nafees, Principal DPS-MIS, Headmistress Ms. Madhu Uppal, faculty, parents and students.

The masters for the ceremony were Sanyukta Hariharan from Grade 5 & Shaurya Viraj Singh from Grade 4. The auspicious ceremony began with the Quran recitation by Syed Mohammed Omar followed by the school choir where different voices sung as one on importance of unity. Principal, Ms. Meenal Bakshi addressed the gathering, highlighting the importance of technological advancement in pedagogy. President, Mr. Hassan Chougule presided over the function and welcomed the Guests of Honour followed by felicitation of the Guests of Honour by the EC Members. All the guests conveyed their best wishes for the new school and promised their

support and guidance throughout. Our students of Grade 3, 4 & 5 presented a traditional welcome with a graceful dance performance. The stage took on hues, enhancing the mood of every emotion. There was a clear festive atmosphere all around and everyone present was excited to watch the children's performance. Vice-President Mr. Yasir Nainar rendered the vote of thanks. The ceremony rode to a final crescendo with the fervent fusion dance by teachers, Mr. Rahul & Ms. Tina, along with our students. This was followed by the National Anthems of Qatar and India. The ceremony was a grand success and left a lasting impression in the minds of everyone present.

MESSAGE

I am immensely delighted to learn that DPS Monarch International School is bringing out the first issue of its annual school yearbook "**Reflection**". I am happy to note that in a short span of time, the school has been able to put the systems & sub systems in proper place and is making noticeable strides in providing quality education to the students.

The school magazine mirrors the development of the students in academics as well as co-curricular activities as it provides a platform extending valuable opportunities to young talents to express their creativity. I hope that the **Reflection** will showcase some of their best creativity of the students and also have an effective role in honing their creative skills.

I appreciate the devotion and dedications of the schools staff for nurturing future generations by fostering knowledge to social skills and all round development of the students. In a brief span since its operations, the school has been able to create a niche for itself.

I once again congratulate the team of school management, the Principal, the staff and students of this accomplishment and wish them happiness and well for all future endeavours.

(Deepak Mittal)

"Education is what remains after one has forgotten what one has learned in school." – Albert Einstein

Message From *Chief Patron*

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

Greetings!

Well known educationist John Dewey's description of academia stands quite pertinent today- **"Education is not preparation of life, it is life itself"**.

The DPS-Monarch family has grown at a rapid pace while nurturing and nourishing the dreams of not only the learners but also of the stakeholders who form an integral part of this entire system, we call - 'School'.

I feel extremely proud to play the pivotal role within this growing organization that is redefining the goals of modern education even as it sets a precedence to provide a panacea to the change that heralds 'learning for the next generation'.

Today, as we stand at the crossroad between creating the perfect knowledge hub and emphasizing on building character and life skills for the learners, it's a massive responsibility that we have chosen to undertake but something that we can confidently claim to be successful and seen to fruition.

Even as we attempt to offer an array of co-curricular activities, the holistic development of the learner gains priority as the need of the hour demands them

to be sensitized to their environment and become future leaders who learn to take both success and failures on square shoulders.

It gives me immense pride to announce that as we forge ahead, our school has become the fountainhead to foster learners who are intelligent, independent and extremely capable with technology and comfortable with global and intercultural communication.

As we move towards the deep end of the 21st century, we proudly take the lead rather than trail behind actively seeking out new ways to evolve and staying in touch with the world outside the education system.

All the very best for future endeavors.

Mohammad Bin Hammam Al Abdulla

“Imagination is more important than knowledge. For knowledge is limited to all we know and understand, while imagination embraces the entire world, and all there ever will be to know and understand.” Albert Einstein

DPS-Monarch adheres to these words to the core catering and focusing on the real nature of education thus helping to mould an individual with an identity and personality of their own. The curriculum of Monarch is a well-balanced mixture of academics, co-curricular activities and technological skills aimed towards a generation handling the skills of tomorrow, speaks for itself.

Having established as beacon of excellent education respecting the trust shown by community as a whole and by the blessings of the Almighty, we promise to grow high as a school and as an individual.

I truly appreciate and express heartiest congratulations to the entire team of Monarch International school inclusive of Principal, teaching and non-teaching faculty, students and parents for their effort in achieving great success in such a short period of time. May this journey continue forward materialising the very thought “A school with a difference”.

Message From *President*

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

It gives me immense pleasure to pen down the message for the annual school magazine of DPS Monarch International School. My heart fills with pride as I perceive the progress being made by the Monarchians. When we started the school, we wanted to meet the requirement of 22nd century with a digital curriculum. This coincided with Qatar's aspiration that we became one of the best schools with lot of innovative ideas, digitalization and technologies at par.

As DPS Monarch International School continues another year, I am filled with happiness and express my gratitude to Almighty for helping us to maintain the expectation of the parents and stakeholders. Today, I may proudly say that what began as a dream has successfully made its mark in the city's flourishing education field. As I bask into the glory of the years that DPS Monarch International School has been in existence, what comes to my mind is that,

"Success comes to those who work hard and stays with those, who do not rest on the laurels of the past."

Indeed, it had been an eventful journey since the inception of the school, replete with a plethora of activities and events that celebrate the spirit of learning, growth and creativity. All these events contribute to the holistic development of the students, who are able to hone their talents and channel their energy into productive and creative work.

It remains my humble wish that DPS Monarch International School continues to shine as a lighthouse of goodness and truthfulness, that in addition to academics, the young ones who pass through its corridors may become caring, productive and responsible citizens and future leaders of the country.

My sincere thanks to the school's Principal, Headmistresses, Teachers and other staff members without whom these successes – big and small, would not be possible. They not only teach the children the subjects but also inculcate values of commitment, zealously and pride in everything they do. I pray that God showers each one of us with His divine grace and blessings, and that our school continues this journey on the road of excellence, faith and integrity.

"May the sapling grow into a sturdy tree and spread its branches."

Hassan Chougule
President

Message From *Vice President*

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

Dear Readers of Reflection 2020,

Humans evolve as the earth revolves is a common saying. However, to adapt to a new normal in a rapidly changing environment takes courage, leadership prudence and execution excellence. All of these put together always existed in Monarch International School and has by God's Grace come in timely to help us evolve to the new normal of online schooling in these trying pandemic times.

A new chapter in the books of DPS Monarch International School's history will have to be e-education and online learning.

I am grateful for the farsighted approach of the management team and the school leadership team to have made DPS Monarch to be a digital school right from the beginning. Whenever it comes to using technology in education, the DPS group of institutions have always been in the forefront and that has helped DPS Monarch immensely.

As of today, we have not only completed the educational goals of the first two terms of this academic year but also done online events, teachers training and participation in various online community activities.

The mindset to grow and advance to not just what is good, but what is great, and the resolve to evolve attitude of the DPS Group management is the clear winning strategy that has helped us in this pandemic. I salute and personally thank all the role players in perfectly steering our ship in the current turbulent times.

God Bless the effort and the thought.

Enjoy reading Reflection 2020.

Yasir Nainar
Vice President

Message From *Director (Finance)*

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

“Ultimately, education in its real sense is the pursuit of truth. It is an endless journey through knowledge and enlightenment. Such a journey opens up new vistas of development of humanism where there is no scope, nor room for pettiness, disharmony, jealousy, hatred or enmity. It transforms a human being into a wholesome whole, a noble soul and an asset to the universe.”

– APJ Abdul Kalam

Dear Families and Friends,

It is indeed a special year for all of us – the management, staff, students and parents of DPS-Monarch International School, as occasion draws unparalleled enthusiasm in us as we witnessed a harmonious blending of our new school with the community. I would like this opportunity to thank God for being with the school management throughout the construction of this new beautiful edifice of learning. Let's hope that this temple of learning will stand erect for many years

to come, giving the light of truth and knowledge and thereby fulfilling the real purpose of education. Coming together is a beginning, keeping together is a progress, working together is success, this is what we experience at DPS. If this beautiful edifice of learning has stood erect today, it is the joint effort of all the members of the DPS Family – the Management, staff, students, parents and well-wishers.

I feel proud to be part of this great institution and I would wish all the staff and students of DPS-Monarch International School a great journey ahead.

All the best,

George Thomas
Director (Finance)

Message From *Director (Facilities)*

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

Education is not an act of acquiring knowledge, but learning a skill to lead life and forming one's personality. This is an ennobling process of growth. DPS Monarch has marked an exemplary year through this process, helping shape the personality, providing the diverse school construction and updating education facilities.

The school environment is designed to encourage students to realize their full potential in academics and vocational pursuits. Social development and participation in sporting activities are also an important part of school life. The school prides itself on providing a caring environment that caters for each student. The fully equipped smart classes integrated with modern technology speaks for itself to inspire our students

to learn and set the standards and accept the challenges of tomorrow with a difference.

I accolade the school and wish success for achieving many more laurels in the field of education and look forward to contributing towards the great service the school is rendering in the years to come.

Harish Kanjani
Director (Facilities)

Message from *Director (Transport & Security)*

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

"As the Director of Transport and Security, it is my privilege to have the opportunity to work with our newly established team and our dedicated students every day since the beginning of our work at DPS Monarch International School in September. As we set the foundations for many successful years ahead, we are making it a point to prioritize working together so that we are all able to ensure that students and staff benefit from an environment that prioritizes safety on their way to school and during their time here.

I am filled with a sense of pride at our accomplishments as a young school, and especially at the support and commitment that we have received in order to make this possible. We are committed to ensuring that students have a smooth, comfortable journey to and from school, and that the environment around them in school is secure and supportive. We are in constant communication with the Ministry of Education to ensure that we are compliant with the requirements for

schools in Qatar, and have far exceeded these requirements, as we have previously done at DPS Modern Indian School.

I thank you all for the cooperation that you have extended over the past year, since we would not have been able to come so far without the dedication of our staff and the full support of our parents. The safety of our students is our highest priority, and we look forward to working with you every day when we are back in session to ensure that our students have an enriching, enjoyable experience in all aspects of their time at school."

Rocky Fernandes

"A dream does not become reality through magic; it takes sweat, determination and hard work." - Colin Powell

The world today is changing at a rapid rate and every school should be able to equip themselves and the children to face the future. Hence, the school curriculum focuses on the holistic and value - oriented approach towards education. Our wholehearted efforts are dedicated to the intellectual and psychological development of our students. DPS Management with our uncompromising ideals, support and faith in the development of the society through quality education is extremely proud of our new school.

It is a matter of great happiness to congratulate the teamwork displayed for this outstanding venture. I sincerely

thank our Principal, Ms. Meenal Bakshi, the captain who steers this ship with outmost steadfastness and foresight.

I congratulate the entire editorial team for their hard work and dedication that has resulted in the publication of this very first issue of the School Year Book.

Hope you enjoy reading as you browse through the pages.

Gopi Varadhan
Director (Development)

Message From *Director (Planning)*

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

Dear Children and Parents,

“Every great teacher who has been walked the planet has told you that life was meant to be abundant... and the essence is that you think, see, feel and believe abundance and let no thought of limitation enter your mind”

The above thought and the gap for the aspirational youth of this country to be part of DPS family has enabled us to set up a new great place for value-based, technologically-enabled school named DPS Monarch International School in the state of Qatar, where our motto is “Education with Difference”. A good few months have passed in its journey in the educational arena, and it is heartening to note that DPS Monarch has taken the pole position in all aspects of schooling in the state of Qatar.

It gives me immense pleasure to pen few thoughts to the entire fraternity and stake holders of DPS Monarch. At the outset, I would like to place it on record my gratitude and sincere appreciation to the entire team of faculty under the leadership of Ms. Meenal Bakshi, Principal of DPS Monarch, who meticulously planned the shortened academic year of 2019-2020. Challenges were many, but the professional and focused approach of our teachers, support staff and the technology team ensured that we could get a smooth start at the beginning, which the school managed very well in September 2019.

At DPS Monarch, we the Management and the entire team of Monarch family think and feel that every child in our school gets the best of inclusive, integrated and outstanding education that brings out the best and the innate abilities of our children. As our school strives to provide a dynamic digital platform for the holistic development with value-based education that hones the necessary skills and character in the younger generation, the kids were happy to explore the new way of learning through the digitally enabled class rooms and the hand held devices for the schooling. It is also evident from the exuberance of children in their participation and bringing laurels from the co-scholastic competitions that kids have participated so far.

As we moved into the last phase of the academic year of 2019-20, the COVID 19 pandemic had presented enormous challenge to the functioning of the school and further curtailed the physical attendance of the kids in the school. As the pandemic continued its fury with higher rate of infection, we the DPS Monarch team believed that **“Bigger the challenge, bigger the opportunity will be for growth and with a strong belief that running away from any problem increases the distance from the solution”**. So with this in mind, many summer camps were held with the help of digital platforms and tools and we could see children enthusiastically participating and gaining confidence in their learning process.

As our journey continue to close the aspirational gap of children seeking admission in DPS group of educational institutions, we, the Management has realized the need for an Indian university education for the aspiring youth in Qatar, thus we undertook the challenge in the educational value chain and endeavor to set up the branch of Pune University campus in the state of Qatar by 2021. Am sure all the stakeholders of DPS Monarch will support us in this new initiative while we firmly believe that this higher education opportunity shall provide much needed solace to the parents who would like to have their kids complete their post-graduation level education in Qatar, where the pain of displacement of family members, for the kids' education, is minimized.

My best wishes to the entire team of leadership group, teachers and non-academic staff for their continued support and dedication to make DPS Monarch as the most preferred school for education in Qatar.

Jai Hind!

Best Regards,

Sreedharan Kunniramath
Director (Planning)

From Principal's Desk...

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

Dear Students, Families, Teachers, and Staff,

What a school year we had !

Our school's first academic year, 2019-2020, started with a great deal of enthusiasm and excitement. We had a good number of student enrollments followed by joining of a dedicated and professional staff, ready to take up the new assignment with zeal, inspiring each other towards exhibiting excellence in the international school community.

I do not think any school of this age and era would have foreseen the kind of challenges that this new norm has made us to witness. The outbreak of COVID-19, which led to a global pandemic, its effect is being felt by all people and communities of the world. This year has seen a period of unprecedented change impacting every aspect of people's lives that a year ago would have been unimaginable.

However, let us not dwell on the grim side of our past. Instead, let us reflect on and celebrate our achievements despite the ongoing difficulties. I take immense pride in sharing some of our golden agendas that we were able to accomplish in the year 2019-20:

- Continued development and strengthening of our academic programmes and digital curriculum was witnessed at DPS Monarch.
- Instruction that is aligned to the framework of the CBSE curriculum was adopted and implemented.

- Professional development of our staff in line with our curriculum has been our prime focus.
- Additional academic and learning resources secured for the next school year.

I take this opportunity to thank our Management for the generosity with which they have supported us through out the year. They have been guiding the destinies of all the Delhi Public Schools in Qatar and are our true mentors and inspirational forces to be with us through our trials, tribulations and successes.

'Reflections', our first year book is yet another success story. Created by our students and teachers, this is a testimony of the memorable and exciting time we have experienced together. It is a reflection of how we imbue our students with the quintessential value system, providing an all-encompassing education that will lead to the development of an all-round personality of a child, well-equipped to face the challenges of life.

**"Grow your wings,
Explore the world,
Make life an enriching experience,
Go Monarchians!
We have a long way to go!"**

Meenal Bakshi

Meenal Bakshi

Message From *Headmistress*

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

"Individual commitment to a group effort - that is what makes a team work, a company work, a society work, a civilization work. "

-Vince Lombardi

It gives me immense pride to be part of the DPS Monarch family right from its inception, the way our school has progressed in all spheres of providing quality education indeed has made all the difference. Each moment spent in serving the school and the children has brought a note of joy and satisfaction in achieving greater heights, together and hand in hand with the little Monarchians and my colleagues.

I understand educational needs as those encompassing physical, social, intellectual and emotional development of a child. To achieve these aspirations, while planning multifarious activities to meet growing needs of the digital era generation, the focus has always been on the holistic development of the students.

We have succeeded in maintaining an excellent academic record along with remarkable performance in extra-curricular and co-curricular activities like

sports, cultural and literary competitions, quiz, Olympiad, etc. As part of the core academic team, I strive to explore & innovate a dynamic curriculum framework where students develop their innate creativity and nurture their inquisitive nature while pursuing academic excellence and retaining their heart and souls in a moral framework instilled in a value-centered life.

I am pleased to put on record that we have been able to carve a niche for ourselves even as the desire to fuel the young minds will keep us going for many more years to come, achieving benchmarks and making our own milestones.

Looking forward to fulfilling the same, year after year driven with passion, dedication and commitment.

"Have a vision. It is the ability to see the invisible. If you can see the invisible, you can achieve the impossible."

Dear Readers

It is with profound pleasure and hope that we celebrate the launch of the inaugural issue of 'Reflections', our School Year Book for the academic year 2019-20. The very first is a beautiful phrase, resonates a fresh joy, brings out a new excitement, and promises to add value and raise the bar for the next one. The editorial team has been throughout ecstatic to create this historic document!

The school has crossed long distance of success in a remarkably short time. The team has put together some beautiful moments to visually depict a testimony of this fact. Reflections, pulsating with vibrancy, is a culmination of the creative vision and expression of the slice of life at school. Through this string of photographic storytelling, we will relish an exhilarating walk through the memory lane from the inception of the school to the events and achievements of the year gone by. The book is an assemblage of messages, reports of child-centric approach we follow to teach and engage with our children, along with finding new definitions of a digital culture in this age and era, followed by a segment exhibiting creative expressions of students and staff that reflects the progressive and honest thinking of the school surrounding. We expect that the readers will enjoy reading and will reminisce on those wonderful memories. I see very bright prospects for Reflections to serve our school community even better in the coming future. I take this opportunity to thank all who have volunteered to contribute to the success of the school's very first Year Book.

We hope you will find *'Reflections'* engaging and entertaining.
Happy Reading!

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

Message from *Coordinators*

“The concepts of academic success vary from researcher to researcher.”

But the definition of “successful student” is how well students are prepared to accomplish their current and future academic, personal, and professional goals through the development of knowledge, a sense of responsibility and self-reliance, and a connection to the school and their community.

As our school is a digital school, we use technology along with traditional methods.

Technology has the ability to enhance relationships between teachers and students and it helps make teaching and learning more meaningful and fun.

Students who learn through technology and traditional methods can create a set of skills that will help them throughout their own future careers.

We simultaneously take care of students’ emotions, feelings, self-esteem and motivate them to be lifelong learners, critical thinkers and achievers.

Ms. Harsha Bhatia
Academic Coordinator
(Primary School)

“Focus on the journey, not the destination. Joy is found not in finishing an activity, but in doing it.”

Learning is the process of constantly updating in an ever-changing world. The first five years’ experience the most rapid changes of life and are critical in a child’s development. As Kindergarten Coordinator, my aim is to ensure that each child can achieve and progress to their full potential, in their academic, creative, personal, physical, moral and spiritual development. We aim to deliver this through the highest quality of teaching and learning within a happy and safe environment. All children should be given the opportunity to experience the very best possible start to their education.

Our learning environment is colorful and energetic, and each lesson boasts creative hands on and stimulating learning experiences. Our Curriculum creates a passion for learning and curiosity. This helps to develop high aspirations, a lifetime of memories and provides each child with relevant opportunities for growth.

Furthermore, it is our firm belief at DPS Monarch International School that by setting the highest possible standards in everything we do and ensuring our children become the best they can be, we will install a wide range of opportunities to foster the children’

I also take this opportunity to thank the parents of our students for having bestowed their faith and confidence in us. Your faith in us is our driving force.

Ms. Anjali Sharma
Academic Coordinator
(Kindergarten)

“Co-Scholastic activities are instrumental for drawing out the best potentialities of the child.”

I consider myself very fortunate to be associated with an institution which focuses on the holistic development of the children. We aspire to provide an environment where the children are allowed to develop their creativity. The holistic approach promotes learning through music, art, dance, drama, activities, games, field trips and outdoor sports.

For me learning is a continuous process. I desire to work in close association with my students, staff and parents so as to ensure that every word said or wished by the child is heard. It is a great pleasure and privilege to write this message as the Activity Coordinator of DPS-Monarch International School. I take this opportunity to thank the parents of our students for having bestowed their faith and confidence in us.

Let’s work together to make learning a joyful experience for our children !

Ms. Monica Dialani
Activity Coordinator
(KG & Primary School)

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

Message From *Head Girl & Head Boy*

Everyone can rise above their circumstances and achieve success if they are dedicated to and passionate about what they do.

– Mother Teresa

Being the first Head Girl of DPS Monarch was really a blessing as well as a great honour. The whole student council body was very productive and helpful. It made me more responsible and I enjoyed what I did.

The school has been successful in maintaining a great balance between curricular and co-curricular activities and so we were provided with wonderful opportunities. Be it the lead in our Inaugural Festival or the fun at Sports Day, the exposure we received was great. I learned many things from the students. Seeing from my perspective that all the students were very friendly with each other was very pleasant and all the other student council members were very cooperative with the students.

I am extremely grateful to my Principal ma'am, Headmistress ma'am, staff members, teachers, who guided throughout, remained supportive and instilled the qualities of self-confidence and perseverance in me as well as in others. I look forward for the next academic year and I wish the best of luck for the next student council.

Sanyukta Hariharan

Head Girl - Junior School, 2019-2020

"Always look beyond what you can see"

– Mark A Cooper

These are the words of Mark A Cooper but I heard these for the first time from a character, 'Rafiki' while watching the film titled, The Lion King. These words had inspired me since then. I still remember the first day as I walked through the main gate of the school. I never knew then that a day would come in my life when I will be chosen as the Head Boy of our school.

Serving as the very first Head Boy of DPS-Monarch International School for the academic year 2019-2020 was an honour and pride beyond words. At the end of this wonderful year of responsibility and experience, I would like to thank all my teachers for realising the potential in me and all my fellow students for being a pillar of support throughout.

I would like to also thank my parents for instilling in me core values and responsibilities that made me capable.

Thank you everyone for helping me look beyond.

Shaurya Jayesh Chavda

Head Boy - Junior School, 2019-2020

Message From House Masters

DPS-MONARCH INTERNATIONAL SCHOOL DOHA, QATAR

“A dream does not become reality through magic; it takes sweat, determination, and hard work.”

It is indeed a great delight to pen down my thoughts and express my immense pleasure in giving structure to the first junior Student Council.

At DPS-Monarch, we nurture our students into fine social beings by imparting quality education and training. We aspire to provide a creative environment, which is both stimulating and challenging. As the Head of the Student Council, I feel extremely privileged to be one of the first assigned to lead young minds in this new temple of knowledge.

In our first year, we have conducted many house competitions which encourage and develop our house members with leadership skills and teamwork skills. We have very strong student leaders and very positive and supportive teachers. Overall, the atmosphere at school is very positive. There are lots of opportunities to

engage in exciting activities, house competitions and school clubs that has a great way to make new friends whilst enjoying the activities you like.

It gives me immense pleasure to be part of the House Activities, which allows children to have fun and practice their social skills. The four houses, Honesty, Integrity, Peace and Loyalty are named after the core values that act as the building blocks of DPS-Monarch International School. I sincerely wish to thank my dynamic team of House mistress for their timely contributions and support throughout.

Together, we will try and make sure that all your ambitions come true !!!

Mr. Surendra Thapa
Head of Student Council

HOUSE OF HONESTY

“Sports teaches you character, it teaches you to play by the rules, it teaches you to know what it feels like to win and lose-it teaches you about life.”— Billie Jean King

Honesty is a value that must be applied to all aspects of our daily life, and playing a sport is an activity that needs it to be truly productive and enjoyable. If we are not honest, this will lead to future problems and affect the team negatively.

Childhood is a time of physical, social, and structural changes which may influence barriers to and motivation for physical activity. School students represent a specific subgroup in this period as they are particularly affected by changing (structural) life circumstances with the start of their studies. Students' daily lives are characterized by sedentary behavior (e.g. attending classes); however, physical

activity in this age group is important, because future patterns of child's health are established in this stage of life and DPS-Monarch focuses on the holistic development of the child.

My heartfelt gratitude to our Principal, Headmistress and the Coordinators for having faith in me and giving me this opportunity. I have always kept the athlete in me alive and the position as the House Master was truly rewarding.

Mr. Zuhaib Daity
House Warden - House of Honesty

THE HOUSE OF INTEGRITY

Integrity is the quality of being honest and having strong moral principles the state of being whole and undivided **RED** is the colour of fire and blood, so it is associated with energy, war, danger, strength, power, determination as well as passion, desire, and love.

Integrity is Always doing what's right even when no one is watching Red is a very emotionally intense color Integrity is Choosing your thoughts and actions based on values rather than personal gain.

Wisdom is right path to take and **INTEGRITY** is taking it. No matter how educated, talented, rich or cool you believe you are, how you treat People ultimately tells all !!!

Red is not just a colour, its an attitude. And hence Red house is the house of Integrity.

Myself Vibhavari Soni feel very proud to be the house warden for house of Integrity. My sincere thanks to our Principal, Head mistress and activity coordinator for having faith in me and providing this wonderful opportunity to shoulder this responsibility. I appreciate my house captain, prefect and all the students for their enthusiasm, energy and dedication towards making the house of integrity as one of the best houses to look upto.

Ms. Vibhavari Soni
House Warden - House of Integrity

THE HOUSE OF LOYALTY

"Respect is earned. Honesty is appreciated. Trust is gained. Loyalty is returned."

We at DPS-Monarch believe in the holistic development of an individual with a well-balanced blend of academics, activities and values. As the house warden of the House of Loyalty I had the privilege to lead a team of young minds overflowing with positivity and perseverance. The House activities of the last year were commendable as they were very organized and effective. The occasions witnessed breath taking performances and towering enthusiasm and team spirit.

I sincerely wish to thank my dynamic team members and students for their support throughout. I am very grateful to our Principal, Headmistress and coordinators for their faith in me.

Ms. Surabhi Suri
House Warden - House of Loyalty

HOUSE OF PEACE

"Let craft, ambition, spite, Be quenched in Reason's night, Till weakness turn to might, Till what is dark be light, Till what is wrong be right!" - Lewis Carroll

"In the trees in the breeze, seek nature's peace and bliss. The House of Peace represents growth, harmony, freshness and safety.

House system is a remarkable medium for enabling students of different ages to bond together and operate as a cohesive family. The system places the students into units wherein each pupil has a rightful place and in which he takes pride. Houses are a common and successful way of building a superb school community and spirit. The houses compete in different sporting, cultural, and academic competitions, and provide an excellent way of meeting people outside one's own class and age group, all of whom have a common goal and purpose.

As a house warden I feel privileged and happy to be entrusted with the responsibility of leading the House of Peace from the very beginning. This journey for the academic year 19-20 would not have been easy without the support of the prefectorial board headed by House Captain Shreya Shijulal and Vice-Captain Mohammed Aariz. My heartfelt gratitude to teachers in-charge Ms. Suvarna, Ms. Hemavathi and Ms. Asma for shouldering the responsibility with great enthusiasm.

I would take this opportunity to thank our dear Principal, Headmistress and coordinators in believing me for this task.

Ms. Himaya Dennis
House Warden - House of Peace

FIRST DAY OF SCHOOL

1st September 2019
 was a special day for the entire school community of Qatar as DPS Monarch International School, the latest addition to the DPS family, was ready with state-of-the-art facilities waiting for the young people to fill in the colours to the class rooms and write its walls of fame with honesty, integrity, loyalty and peace.

At Monarch, we are committed to providing a caring and well-disciplined environment to inculcate in children a lifelong love of learning. We work together for the benefit of each individual student, teaching them the importance of making friendships and to respect

and care for others. Through the controlled academic curriculum and our wide range of extra-curricular activities our children are given the best opportunity for self-development and discovery to become well rounded, happy, confident individuals who reach

their full potential. We pride ourselves as a family at Monarch looking forward in working with parents to nurture and educate their children on an emotional and practical level during some of the most exciting, formative, years of the children's lives.

Investiture Ceremony

“Leaders are made; they are not born.”-Vince Lombardi

To espouse confidence, develop leadership qualities and a sense of responsibility among students, DPS- Monarch celebrated its First Investiture Ceremony for the academic session 2019 - 20 on 18th of November 2019 in the school's Multi-Purpose Hall. The school prefectorial body was formed after scrupulous interviewing and selection of the Students from Grade V.

The occasion was graced by Dr. Hemant Dwivedi, First Secretary Indian Education and Cultural Centre-Indian Embassy, Qatar, Mr. Yasir Nainar, Vice President of DPS Monarch and DPS -MIS, Mr. Harish Kanjani Member of Executive Committee, DPS Monarch and DPS MIS, Ms. Meenal Bakshi Principal, Ms. Madhu Uppal Headmistress. Headmistresses of DPS Modern Indian School were also present.

The auspicious ceremony began with a Quran recitation by Master Syed Mohammed Omar. Principal Ms. Meenal Bakshi addressed the ceremony and declared the Junior Students School Council Member names along with the elected house wardens for the houses Integrity, Peace, Honesty and Loyalty. She congratulated the newly appointed council of leaders and reminded them to shoulder responsibilities that lay ahead. Motivating them to become role models, she infused in them the spirit to create a positive influence with their service as leaders.

All members of Junior Students School Council were honored with sashes and badges carrying their designation by the dignitaries. This was followed by the oath by House In-charges and

Council Members. Dr. Hemant Dwivedi and Mr. Yasir Nainar encouraged the newly elected members with their inspiring words. The school choir augmented the ambience with the melodious and inspiring song, “We are the world” which uplifted the spirit of everyone present.

The address by Head Boy Shaurya Jayesh Chavda of VB and Head Girl Sanyukta Hariharan of VB showed spark of youthful confidence and leadership. Divyanshi Pandey and Tharun S.M. were the masters of the ceremony. The ceremony ended with a vote of thanks followed by National Anthem of Qatar and India.

Festivals are jolly good...

CELEBRATING WORLD FESTIVALS

Primary section conducted a special assembly to celebrate the joy of festivals on 24th October 2019. It was wonderful to see the students all gathered together in the Multi-Purpose Hall, beaming with joy. The assembly commenced with the school prayer and the thought of the day. Students presented speeches and poems on the different festivals. Children in their vibrant coloured attires, danced beautifully. To make the day more remarkable, the children presented a fashion show on the theme, **Unity In Diversity**. This gave the children an opportunity to view the cultural differences in a very positive way. The assembly was graced by Principal Ms. Meenal Bakshi and HM Ms. Madhu Uppal, who praised the students on their brilliant performances. The day ended with distribution of sweets for everyone in school.

CHILDREN'S DAY CELEBRATION

It was a festive mood in our school on November 14th as we celebrated the Children's Day. A special assembly was held in the Multi-Purpose Hall for all the students from Kindergarten to Grade Five. To make our students feel special, the teachers entertained them with a comic musical. All the children were mesmerised and excited, when they saw their teachers performing the roles contrary to the usual. The hall was filled with peals of laughter and excited claps.

The vibrant programme ended with a motivating message from the Principal, Ms. Meenal Bakshi followed by distribution of 'Kitkat', which was relished by all. At the end of the celebration, a well spring of energy vibrated in the auditorium and happiness was etched on the faces of every student.

"Every child is a different kind of flower, and all together, make this world a beautiful garden."

Qatar National Day

CELEBRATIONS

Celebration happens when the mind unites with the spirit and where kids extend a symbolic gesture of love, solidarity, unanimity and harmony!!!

Students and teachers of Monarch International School participated with great enthusiasm and fervour in the special assembly organized on the auspicious occasion of Qatar National Day on 18th December, 2019.

Students prepared themselves rigorously to put up a colourful show in the school premises. The day was celebrated with some dance performances by the students of Kindergarten and Primary.

To celebrate the theme, little artists of Monarch created a ten-meter long collage poster. Students also had a musical skit organized by Grade 5 students. Little ones dressed in National Costumes of Qatar with much worked upon props and accessories added beauty to the event.

Principal, Ms. Meenal Bakshi had also launched a tree plantation drive by planting sapling at our school campus along with 500 students.

The day was celebrated with zeal and zest.

Indian Republic Day CELEBRATION @ 71

On the auspicious morning of 26th January 2020, our school celebrated Republic Day with much vigour and enthusiasm, despite the chilling weather. Our President, Mr. Hassan Chougule hoisted the tricolour flag. Following this, a special assembly was conducted in the Multi-Purpose Hall. Shaurya Viraj Singh of Grade IV was the MC for the day. The assembly started off with the prayer followed by speeches by President Mr. Hassan Chougule and Principal, Ms. Meenal Bakshi. Sanyukta Hariharan and Sanskriti Vikas Kumar of Grade V gave speeches on Republic Day in English and Hindi respectively. After which students presented various cultural programs. The ceremony concluded with the National anthem.

**PUT SOME ART
IN YOUR CART**

Art Fest

Monarch International School conducted an art fest for the primary students on 2nd of March 2020. The most remarkable aspect of the event was that it was conducted in the football field out in the fresh winter morning. The morning sunlight gave a heavenly glow to the joyful children, settled in mother nature's lap, to frame their thoughts into pictures and slogans on 'Save Earth'. Great artists often say that nature is the best teacher and the best way to learn art. It develops observation skills, aesthetic sense and connects with nature to explore the beauty as well as method-material and technical aspects of art.

All the students from Grade 1 to Grade 5 took part in the art fest and thoroughly enjoyed. Principal Ms. Meenal Bakshi and HM Ms. Madhu Uppal visited each student groups in the ground and praised them for their creativity and thoughtfulness on saving our planet Earth.

THINK AND INK

CELEBRATING LANGUAGE WEEK

"The Language we use influences the way we think."

International Languages Week took place last year between 3rd and 7th November. This special week provided an opportunity to showcase, learn, and promote the diverse languages and cultures in our schools, communities, and nation. Languages can be learnt through various activities which can be more fun and enjoyable as well as giving information and able to enhance language learning environment. With this objective in mind, a panel of language teachers organized the International Language Week.

Many interesting activities and competitions were conducted to enhance learning & create interest during a one-week programme. The activities such as drama, character enactment, poster making, word games were enjoyed by students. Competitions were effectively held like poem recitation, speech, elocution, etc. Winners of each house were awarded with individual trophies and certificates. Points were allocated for each house as per number of winners. Week ended with happy faces of the children and the objective of enhancing language skills was achieved utmost.

Our Green Ambassadors at work

PLANTATION DRIVE

On the occasion of Qatar National Day, Principal Ms. Meenal Bakshi, launched a tree plantation drive. The initiative was to raise awareness among young students and to turn the school campus green as the first and foremost step towards a socially responsible school.

All students from Grade I to V participated with great enthusiasm by bringing saplings. Students eagerly planted the saplings with the Principal, Headmistress and teachers. It was a beautiful sight to behold as the future generation showing responsibility towards the environment. This drive created fond memories in the minds of children, forming the foundation of a sustainable development for future.

"For the true nature of things, if we rightly consider, every green tree is far more glorious than if it were made of gold and silver."

- Martin Luther King

DPS-MONARCH FITNESS FIESTA

The first DPS-MONARCH FITNESS FIESTA was held on 30th January, 2020. On this bright winter day Monarchians gathered on the football ground with great zeal and excitement. Tracks drawn on the field indicated engagement and competition. Blue, Green, Red and Yellow flags were swaying with Honesty, Peace, Integrity and Loyalty, ie., the theme of our school's house colours.

Ms. Nisha Agarwal, Joint Secretary & Head of Yoga at Indian Sports Centre, was the Chief Guest of the ceremony. Mr. M.I. Farid, General Manager-Finance & Administration with

KEMCO, was the Guest of Honour who hoisted the flag followed by march past and oath taking ceremony. The Oath was taken by the Sports Captain, Master Mohammad Fazal Shaikh of Grade 5 and the students solemnly pledged to uphold the true spirit of sportsmanship. The Chief Guest then declared the Meet open releasing balloons which was followed by the Torch Run. Our Guest of Honour, Mr. M.I. Farid addressed the gathering. A colourful mass display by students of Grade III-V preceded the track events.

The field was occupied with life and passion in every corner. Participants were performing with full fervour, while the remaining were supporting them with cheers and claps. The Inter-House Football Tournament Trophy for Grade 1 & 2 was bagged by the "House of Loyalty", whereas the winning trophies of Inter-House Football

& Basketball Tournament for Grade III to V, were both bagged by the "House of Integrity."

Medals & Certificates were given to all the winners of the track events and participation certificates were given to all the participants as well.

A staff relay and tug of war between teachers and parents added to the enjoyment. School spirit continues to shine and the four flags sustain to fly high with the true spirit of sportsmanship. The parents and staff members also participated enthusiastically in the events organised for them which was then followed by the prize distribution ceremony. The day ended with fervour & excitement amidst thrills, shrills and cheers.

The HOUSE OF PEACE emerged as the over-all Champion in the DPS-Monarch Fitness Fiesta 2019-2020.

HOUSE POINTS FOR ACADEMIC YEAR 2019-2020

points

We at DPS-Monarch place a high value on learning about working as a team, taking responsibility, being resolute and inculcating a good behaviour so the School House System is an important way to achieve these goals. The houses are the focus for friendly, light-hearted student competition in a wide range of activities, including academic, sporting and clubs. Throughout the year, students receive points for the house competitions. There is a wonderful sense of camaraderie generated throughout the school with the house system.

The final house scores for the Academic year is as given below. With the most number of points, the House of Integrity wins the House Cup for the year 2019-2020. The House of Peace bags the second position followed by the House of Honesty and the House of Loyalty.

TEAM WORK MAKES THE DREAM WORK

SIFQ ANNUAL SCIENCE GALA

Interschool Science Skit and Student-Scientist Interaction

SIFQ Annual Science Gala was held at Birla Public School on February 14, 2020. The chief guest for the presentation was **Dr. Arvind Ranade, Scientist, Department of Science & Technology**, Govt. of India. The Motto of the presentation was to encourage scientific thought among the young minds.

Students of our school enthusiastically presented a skit on **“India’s Contribution to Science and Technology – Past to Future”** followed by “Students- Scientist Interaction”.

During the interaction, **Anaswara Anil**, a student from Grade V posed a query to the Scientist, “Why there is more gravity in the Black Hole?” The scientist was stunned to hear

such a good question from a Grade V student. He answered that because of huge mass and density, the Black Hole has more gravity.

Next interactive question was put up by Mahek Jadhav from Grade V who asked the Scientist, “Our Moon is getting away approximately 3 cm from the Earth every year. Will our Moon become a satellite of another planet in coming days?” Dr. Ranade was pleased to receive such question. He answered that we cannot predict it now and he added that we have to wait for the day when Moon exits Earth’s orbit.

Overall, the Science Gala was very informative and enriching for our students.

**QATAR
NATIONAL
SPORTS DAY
CELEBRATION**

zumba

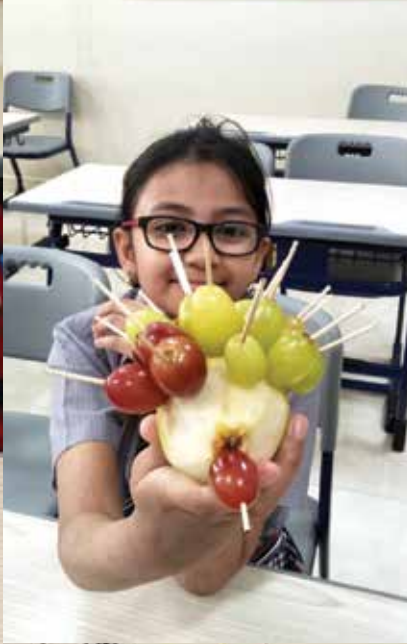

DPS Monarch International School Celebrated Qatar National Sports Day on 10th February 2020 with a variety of activities aimed at promoting health and fitness. Students and teachers embraced the day with an enthusiastic Zumba session at the school Multi-Purpose Hall. National Sport Day is held to raise awareness about the importance of Sports and its role in the lives of communities, making it an essential part of the daily lives of individuals.

In addition to the Zumba dance, games like football, cricket, sack race, three legged race and tug of war were organized for the teachers and staff. Gifts were arranged for all the winners. The day proved to be a platform for friendship and sportsmanship at DPS Monarch.

DANCE CLUB

Learning Beyond Class Walls

GLIMPSES OF MONARCH'S MULTI-DIMENSIONAL CLUBS

'DPS Monarch International School will deliver learning excellence that is child-centric, value-based and technology driven.'

To achieve this vision, the school came up with many activities to enhance the holistic development of our students. The various school clubs were an important part of this initiative. These clubs were created to give our students an opportunity to identify and perfect their talents as well as to prepare them for intra and inter school competitions. These club activities not only helped students shape their personal interests and hobbies but also improved their communication skills, leadership qualities, creative thinking and ability to work effectively with other people. The school offered 8 clubs and students of Grade I to V could choose the clubs depending on their interest. Teachers were assigned to each club as per their forte. Students shared their ideas and enjoyed learning from each other during the club periods.

We, at Monarch, believe that extra-curricular are the best way for teachers to build rapport with their students, increasing the accessibility to the child, and adding positive atmosphere in the school.

CREATIVE HANDS

PUBLIC SPEAKING CLUB

Open Day

We believe in...

As we believe educating a child is a joint venture between school and home, on 25th January our school conducted an open day session for all prospective parents of the academic year 2019-2020. Two sessions were organized in the school Multi-Purpose Hall, the morning session for Primary and the noon session for Kindergarten. School President, Mr. Hassan Chougule presided over the function and welcomed all the parents to the new environment. Principal, Ms. Meenal Bakshi addressed the gathering and introduced

the faculty members as well as the basic functionings of the school. Head Mistress, Ms. Madhu Uppal, briefed the parents on the school curriculum. The sessions concluded with a Q&A session and it gave an opportunity for the parents to raise and clear their concerns. This served as a curtain raiser to the school's curriculum, student-oriented learning approaches adopted by the school and the specially created digital learning technology implemented in classrooms.

REAL-TIME INTERACTIONS

SCHOOL MANAGEMENT COMMITTEE MEETING

A meeting of the DPS Monarch International School Management Committee was held on 19 January 2020 in the school premises. The meeting was attended by School Vice President, Mr. Yasir Nainar, Director, Mr. Sreedharan Kunniramath, and other members. Ms. Meenal Bakshi, Principal welcomed all the members and then proceeded with the school report highlighting the achievements of the students in different areas, explained about teacher training programs and discussed school updates including current initiatives and future goals. The parent members were highly appreciative of teachers in handling the children.

Child Safety Workshop (AMAN)

Child Wellness Awareness Programme was conducted by Aman Protection and Social Rehabilitation Centre, Doha for students of the Primary School in the Multi-purpose hall on 16th February. The awareness interactive session was conducted by resource persons from the Protection & Social Rehabilitation Centre (AMAN), Qatar.

The main objective of the workshop was to gain awareness on self-protection. The workshop consists a Robotic program that involved students in a Robotic response activity, to teach them about good and bad touch from the robotic response. Children were very excited throughout the session. Aman Center briefed about mobile application for personal safety. Overall, it was an enriching session for the students.

Show a Lot of Heart, Wear A Little Red

Fun Learning @ KINDERGARTEN

RED DAY CELEBRATIONS

Learning becomes fun when it is imparted the right way!

Our Kindergarten students and teachers marked the celebration wearing red colored dress for the occasion. The classrooms were decorated with red colored pictures and objects. Students were asked to bring different red colored delicacies to share the sweetness of the day. Kindergarten teachers had arranged different activities followed by rhymes that were sung by the teachers and the students about the color "Red". Teachers spoke about the color and played treasure hunt with students.

"Story" restores order with imagination, instills hope again and again.

THE WORLD OF STORY TELLING

Since time immemorial, storytelling has been an integral part of our childhood. Stories provoke thoughts and bring out insights that could not have been understood or explained before. On 17th November 2019, Story Telling Activity was organized for the students of Kindergarten to develop the speaking skill and build confidence, besides to draw the interest of the pupils in English Language. Our students showcased their creativity using props for their stories they had memorized. Parents were an integral part of the activity and we sincerely thank them for the effort they had taken to make this event a success.

Character Day

Serve one another with Compassion

Monarch International School celebrated 'Character Day' on December 8th 2019. The event provided a platform to showcase the talents of our budding artist of Kindergarten (KG1 and KG2). 'Community Helpers' being the theme of the day, motivated our students to behave and act in their costumes promoting self-expression and coordination, overall boosting their self-confidence. Speaking a few lines on their character added a stepping stone towards the first stage of metamorphosis, being good orators, developing clarity of speech.

The event has not only helped them to improve their skills but also to understand and respect the hard work and services provided by the community helpers around them and to differentiate their works as well.

This proved to be an educational and entertaining event for our children, who participated with great pride wearing their costumes, to showcase their abilities.

Our parents have also supported us, putting great efforts to make this event a success.

We thank them wholeheartedly for the same.

GO OUT AND EXPLORE

FIELD TRIP TO KIDZANIA

As part of outsource activity, a field trip was arranged for the students of KGI & KG2 to Kidzania on 5th, 6th and 7th November, 2019. Students received a warm welcome by Kidzania staff. Our little champs were super excited while visiting the place.

Kidzania provided various workstations where children could learn through real-life experiences. It provided a safe space for the little ones to explore their interest. Students were exposed to many role plays like nursing, banking, acting etc. It served our kids as a fun-filled theme park with lots of learning and happy moments.

MERRY MONARCHIANS AT MIA PARK

BEYOND THE CLASSROOM

Excursion provides an opportunity for students to develop their aesthetic sense and opportunity to learn from real-world experience, as the practical realization of concepts is the most effective means of learning.

DPS Monarch International School organized an educational trip to Mia Park for students of Grade I to V on Thursday, 12th December 2019 to give them a better chance to discover, share and cooperate in an open environment away from their usual school environment. Students were accompanied by 26 teachers, 1 medical attendant and 3 helpers and 2 security guards. Children were all excited and enthusiastic. The fun began right from the moment they boarded the buses from school. At the park, they ran around like free birds out in the fresh air.

They explored every corner of the park, played different games and spent quality time with their friends and teachers. Students also visited the Museum of Islamic Arts. At the end of the picnic, the little ones did their part to keep the surroundings clean by picking up the trash. It was a memorable trip for students and the accompanying staff.

OUR VISIT TO HAMAD PORT EXPLORATION MODE ON...

Indian Embassy had organized a visit to Indian Naval Ship “Samudra Paharedar” at Hamad Port where our school was invited on 26th January, 2020 from 8:30am to 12:00 noon.

To mark the deep-rooted friendly ties and multi-faceted growing co-operation between India and Qatar, Indian Coast Guard Ship (ICGS) Samudra Paharedar visited Hamad Port from 23rd January, 2020 (Thursday) until 27th January, 2020 (Monday), in conjunction with the celebrations of India’s 71st Republic Day on Sunday.

Thirty-three students of Grade IV and V under the guidance of six teachers got a unique opportunity to visit the Indian Navy Ship, INS Samudra Paharedarat Hamad port.

SAMUDRA PAHEREDAR (IMO: 9341225) is a Pollution Control Vessel that was built in 2011 and is sailing under the flag

of India. It’s carrying capacity is 1500 t DWT. It’s overall length (LOA) is 95.05 meters and width is 12 meters.

The students were given a warm welcome onboard by the naval officers. Then, they were taken to the different operational units of the ship. The officers explained the role and the operational units of the ship along with the role and the operation of each unit. Students were curious and asked many questions. The students gathered knowledge of the operational capacity of the ship and the technology applied. Students also expressed their appreciation towards the Indian Navy for their dedicated services to the nation and their efforts in strengthening international peace. At the end of the tour, students were served light snacks.

This unique experience motivated some of the students to dream a career in Indian Navy.

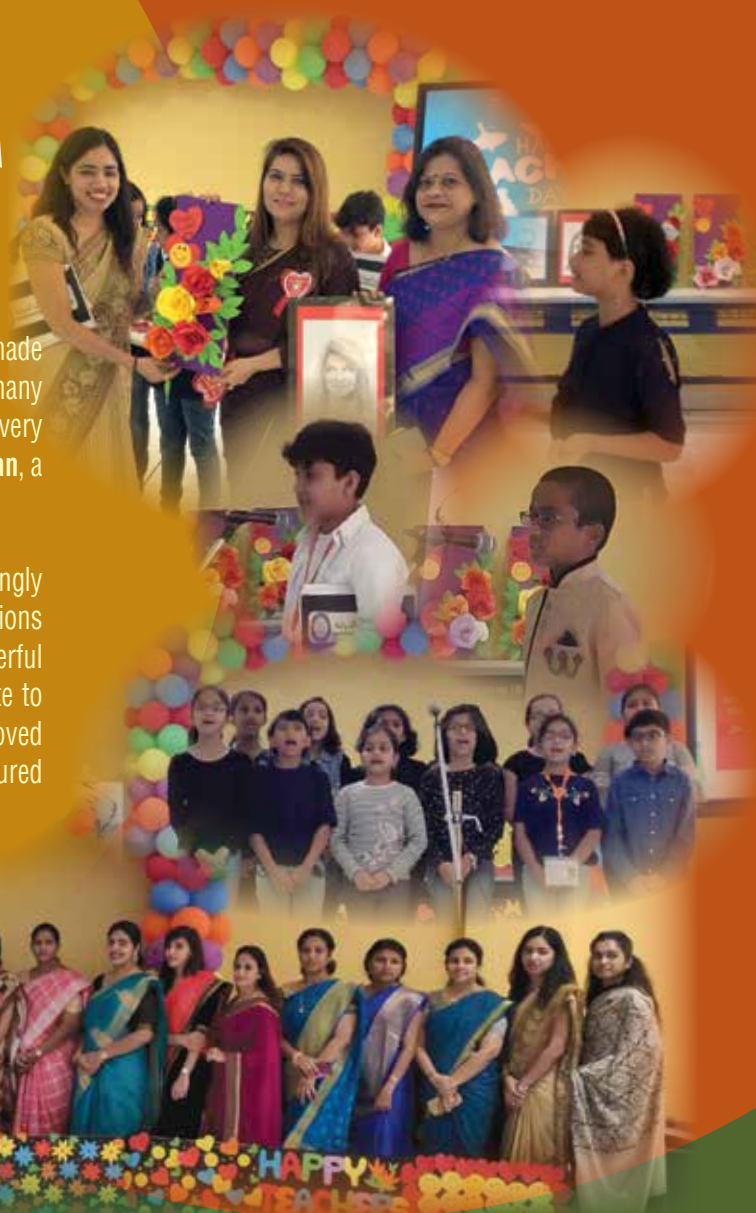

TEACHERS' DAY CELEBRATION

"It is the supreme art of the teacher to awaken joy in creative expression and knowledge."
-Albert Einstein

Teachers' Day is celebrated as a tribute to the valuable contribution made by teachers to the society. This celebration is fairly popular in many countries across the world. In India, it is celebrated on 5th September every year as it marks the birth anniversary of **Dr. Sarvapalli Radha Krishnan**, a prominent thinker, philosopher and an educator.

It was the 5th day of the school and students of Grade IV and V amazingly managed to felicitate their teachers with their skills. The celebrations began with primary children welcoming their teachers with a wonderful choir. This was followed by a special assembly. Students paid tribute to former President of India, Dr. Sarvapalli RadhaKrishnan and their beloved teachers through speeches, poems and dance. Every teacher was honoured with a lovely card as a token of love for their efforts.

Staff Picnic

December 2019-20

The staff of Monarch school dusted off their professional hassles and enjoyed a fun-filled and memorable picnic to Smaisma Park on 14th December, 2019. This also helped the teachers to interact, integrate and bond with each other in an informal setting which is an important part of a school life.

The group started on Saturday morning at 10.00am and arrived at the park after an awesome journey at 1:00 p.m. The picnic started off with the birthday celebration. The teachers were treated with a sumptuous lunch after which the Staff council members organized an engaging session of games, which were thoroughly enjoyed by all. The innovative game of Musical Dance and Secret Santa was great fun too.

The picnic aimed not only at relaxing but also helped in building up team spirit among the staff members. The memories of the picnic will linger on and enable the staff to work together with the spirit of oneness.

Together we make a beautiful family

Family Day

Family day was celebrated in Kindergarten to mark the importance of family's role in a child's life. Several fun - filled activities were organized by HRTs for a week for the students to instill the message and the importance of family and to make them understand that family is like branches on a tree that grows in different direction

but the root remains the same. It enabled the students to acknowledge that the family provides a sense of belonging and gives unique identity to them. It also created a special emotional feeling in the students while they were watching the videos sent by their parents. The students were asked to make thumb prints denoting

their family members. Students also made friendship wreath to represent their friendship. It was an exciting week for all the KG students. In today's advanced world, such activities revive and rekindle the importance of love and affection among the members of a family.

HEALTH CHECK-UP

(AN APPLE A DAY KEEPS A DOCTOR AWAY)

A health check-up camp was organized by renowned doctors from Asian Medical Centre, Doha in the school premises for all the students of KG to Grade V. The main purpose of the camp was to understand the health status of each student. A health record was maintained for each student. This helped parents in understanding the health of their wards. The School authorities and teachers appreciated and thanked the medical team for their valuable service to the students.

Good Touch and Bad Touch

Circle Time Interaction

Holistic Development comprises methods that cater to the needs of Early Childhood Development in all domains. **Circle Time (CT)** is an essential part of the school routine in our pre-school (Kindergarten sections).

On 5th February 2020, teachers of Kindergarten-I and Kindergarten-II conducted Circle Time on the topic **Good Touch and Bad Touch**. Teachers took up topics like- touch, body parts, private parts, feeling good, feeling bad, good touch, bad touch, saying firm NO, safety circle as part of the discussion to sensitize them about their physical and social safety.

Teachers encouraged discussion about- What is touch?, What is good touch?, What is bad touch?, What should we do in case anybody touches you and you feel bad? We should keep no secrets. As part of the circle time, a video was also screened to enhance student's understanding. It was paused at different intervals and discussed more.

E Nature Quiz

'DPS Monarch International School, Doha leaves its imprint on the landscape of school education'

In the recent declared Qatar e-Nature Schools Contest 2020 Award Ceremony held on May 16, 2020, monarchians walked away with the first positions in two categories.

We take immense pride in sharing that Ehaan Shabeer Ali of Grade IIA and Mohammed Owais Junaid Iqbal of Grade VIC bagged **the first positions** respectively for Grade I and Grade V online quiz contests. This contest that was organized in the year 2019-20 had more than 12000 students participated from various schools in Qatar. The contest was held via the Qatar e-Nature mobile application, covered questions encouraging students to discover and explore Qatar's rich nature and environmental diversity. The topics included flora, birds, insects, reptiles, mammals, marine life, nature reserves and Qatar's ecosystems.

Our winners received vouchers for a full board one night stay at SEALINE REGENCY CAMP for a family of 4.

JAIPUR LITERATURE FESTIVAL

Our students got a chance to experience the celebration of culture, ideas, dialogue and art exchange at the Jaipur Literature Festival (JLF) held on December 12 and 14 at the distinguished Qatar National Library. JLF, one of the biggest literary events, was set up in Doha as a bridge of love and relations between Qatar and India. Students got an exposure of different gamut of literature and shared their experiences later in their respective English classes.

TAMIZHAR SANGHAM

Dr. APJ. Abdul Kalam Memorial Elocution

Kavya Dharshini of Grade IV from secured the **first position** in sub-junior category at the Qatar Tamizhar Sangam (QTS), Indian socio-cultural organisation organised 'Dr. A P J Abdul Kalam memorial elocution competition' for the students of Indian schools in Doha. It was indeed a proud moment for all to be a winner among the students from 11 schools that participated in the preliminary round which witnessed a close competition. Twenty-eight students made it to the finals.

HINDI DIVAS

Hindi Divas is celebrated on September 14, every year in India as on this day the Constitutional Assembly of India adopted Hindi as country's official language. The Embassy of India, Doha celebrated World Hindi Divas with different programmes to highlight the importance of Hindi language and art in bringing communities together as one. Students of DPS Monarch enthusiastically participated along with all the other Indian schools in Doha.

Table Tennis Interschool Competition

DPS-Monarch International School proved its dominance in the Indian Sports Centre Table Tennis Tournament- 2019 -20 in association with Qatar Table Tennis association held on 3rd October 2019. DPS Monarch International school had just started and won **runner's up trophy** titles in under 12, girls category. The competition was conducted for three age categories i.e. Under-10, Under-12 and Under-14 for girls. DPS-Monarch's girls team exhibited their extraordinary resilience and astuteness and won laurels for the school. The participants were Divyanshi Pandey (5A), Divyanshi (4A), Gauri Mahajan (4A), Treasa Jimmy (4A) and Prerna Prashant (5A).

Principal, Ms. Meenal Bakshi, commended the participants for their wonderful performance.

'Your dreams are what define your individuality. They have the power to give you wings and make you fly high.'
- P V Sindhu

Sports are about those incredible moments where sheer human will and desire overcomes the odds. These are the moments we remember. Introduced into sports at a tender age, Kavya became immensely interested in badminton. She started learning the basics of badminton at the badminton courts of Dynamic Sports Academy Doha. She played her first tournament in 2018, at the age of eight and lost in the very first match. This set back was a catapult for Kavya, she emerged ever determined to prove herself. She worked very hard with her trainers to improve herself. The next under 9 tournament, Kavya proved her mettle and secured the 1st Runner up trophy. Since then, there was no looking back for Kavya. Badminton being a very physical sport, it takes immense planning and hard work to achieve flying colours in both academics and sports.

Kavya has just started flying and has got a horizon to cover, let her wings of fire take her to higher heights.
As a Monarchian, she makes us proud.

FIRE PREVENTION IS OUR INTENTION

Fire drills are essential practice, especially in buildings full of people with varying needs such as schools.

A mock fire and evacuation drill was conducted at our school, on 21st January 2020, to create awareness among students to respond swiftly in times of emergency.

The Safety Committee had positioned designated individuals at the key areas to guide and assist the students in the mock fire and evacuation drill.

The 'evacuation' operation began moments after the fire alarm rang out loud and alerted everyone. The students immediately evacuated their classrooms. Led by their teachers, they exited from various pre designated points to assemble in the basketball ground.

Thereafter, the students were given training regarding safety procedures. It was an essential life skills workshop and hands-on-experience for the students, keeping in mind their safety and security. The drill prepared them for emergency situations in the future.

NOF (Maths and Science Olympiad)

DPS Monarch conducted NOF online Olympiad on 10th February where 115 students from Grade I to V participated. Olympiad Foundation (NOF) Conducts International Olympiads in 6 subjects in more than 10 countries. It fetches students from all over the globe bringing them on a common platform. The competitive exams in Math and Science was conducted successfully under the guidance of teachers. DPS Monarch always emphasizes on true and varied innovations, learning methodologies and classroom practices. Learning becomes interesting and less mysterious when it is made visible, hence we have Digital Learning to help the children learn easy. The most interesting part of the Olympiad was animated videos incorporated in the online test, to keep students engaged and curious while attempting their exams.

WORKSHOP ON IT TRAINING 2019 -20

SIFQ Annual Science Gala Exposure to Teaching Aids and Teacher-Scientist Interaction

SIFQ Annual Science Gala was held at Indian Cultural Centre (ICC) Mumbai Hall on Saturday, 15th February, 2020. The chief guest for the presentation was Dr. Arvind Ranade, Scientist, Department of Science & Technology, Govt. of India.

The purpose of the event was to encourage teachers to make use of innovative teaching tools to effectively communicate with students. The merit of the event was to see how constructively and interestingly the

topic can be taught and how deeply and easily the students understand it.

Few teachers came up with their teaching aids and demonstrated different concepts using it. Certainly this part met the purpose and the merit of the event. The guest speaker was very much impressed by those demonstrations. He presented books as a compliment to all the participants.

Next session was the Teacher-Scientist

Interaction. The Guest Speaker, Dr. Ranade elaborately discussed about the role of science teacher in developing scientific temper among their students. He requested all Science teachers to support asking questions, teach beyond textbooks and develop evidence based reasoning.

Overall the event was informative. The school believes that many such events should be organized for the betterment of current educational system.

“True art is characterized by an irresistible urge in the creative artist.”

– Albert Einstein

Ms Shilpi Mathur, a teacher from the Art Faculty of our school participated in several solo and group exhibitions specializing in Composition Murals, Landscapes, Abstract and Modern paintings and sculptures in the year 2019-2020. Like every year, this year too she represented India and Qatar at various international platforms.

TEACHERS' PROFESSIONAL DEVELOPMENT PROGRAMME

TRAINING ON INTERACTIVE PANEL

At DPS-Monarch International School, we realize that the biggest benefit of Technology is that it empowers people to do what they want to do in an easier way. An informative and interactive workshop on Interactive Panel was conducted for our teachers by resource person from Benq on 3rd October 2019.

Teachers were encouraged to keep themselves familiarized and updated with the various functions of the interactive panel. They were even explained step wise workings and settings of the device. Practical demonstration of different functions was also shown to the teachers for a better understanding. Teachers shared their doubts and the resource person cleared each concern with clarity.

TEACHER ORIENTATION PROGRAMME

DPS-Monarch International School not only aspires to provide holistic development to the students but also conduct workshops, seminars, conferences and symposiums for the teachers to enrich their knowledge and enhance their practical experience. A series of workshops were organized for the teachers spanning a period of two weeks from August 21st to August 31st by Mr. Shrivastava and Ms. Saloni Srivastava. Mr Sandeep Srivastava an educationist. Srivastava with an M.Tech. in computer science from IIT-Delhi and an MBA from INSEAD France. He has written four books on e-governance and authored more than 400 school books. One of Srivastava's books

is also co-authored by Puducherry Lieutenant Governor Kiran Bedi.

The education evangelist focused on the major difficulties faced when non-native language as English is the main Medium of Instruction. He stressed on the importance of knowing the meaning of terms used rather than the term. He trained the teachers on effectively incorporating listening skills, enhancing vocabulary, speaking skills, writing skills and pronunciation.

The teachers took this immense opportunity to brush up their skills. They got the chance to discuss, understand and internalize the practical problems related to education. It was an

amazing learning and awareness raising experience. Mr. Srivastava discussed about the active involvement of students in the learning process. He reiterated that the teaching shouldn't be limited to the passive learning as it doesn't lead to a purposeful outcome of an educational model. Rather the children should be involved in active learning wherein they interact with others, share insights, or contribute to a dialogue and enhance their communicative skills.

The series of workshops concluded stating that concepts are not a knowledge set to be memorized; rather it is a skill to be acquired by practicing and analysing.

TEACHERS' PROFESSIONAL DEVELOPMENT PROGRAMME

PAEDIATRIC FIRST AID WORKSHOP

The school organised a workshop on Paediatric First Aid on 14 December 2019 at the school Multi-Purpose Hall. The first training was conducted by Dr Joseph Johnson (paediatrician) from Asian Medical Centre. The workshop was attended by all teaching and non-teaching staff of the school. First Aid generally consists a simple or a series of potentially lifesaving techniques that

an individual can be trained to perform with minimal equipment or the absence of professional help. The training focused on this basic but potentially lifesaving techniques such as Aim of First Aid, how to perform CPR, Definition and types of bandages, wound care, how to manage everyday minor accidents, learn how to give first aid to an unconscious and breathing casualty, manage minor cuts,

bruises, dislocations, electric shock, snake bites, burns and the safety guidelines to be followed by the person administering the first aid. The contact numbers to be contacted in case of emergencies were also discussed. By the end of the session all were more confident and mentally equipped to deal with any unlikely event of an accident.

WORKSHOP ON EFFECTIVE COMMUNICATION

On 30th November 2019, Ms. Durga Sree Mavuru conducted a comprehensive workshop for our teachers on Effective Communication. The session started with a fantastic activity where teachers were divided into groups and asked to compete against each other. The idea behind was to raise interest towards an activity. Later on each group was given a topic to prepare and present. This was to focus on conveying a concept effectively.

The main motive of this interaction was to enlighten the teachers with the use of correct English and its importance. The teachers were encouraged to ask questions and were answered by Ms. Durga with clarity and patience. The activities, anecdotes and examples that she related to the teachers kept the tone light and relaxed during the session. It was a privilege to have the opportunity to share her vast experience. The session was truly enriching for all the teachers.

MORNINGS at MONARCH *School Assemblies*

A high quality school assembly is one of the most important aspects of a school's curriculum. It powerfully nurtures the development of intrapersonal intelligence. It is vital that an assembly has an enriching quality. That is the reason the school planned a range of topics for the students of each class each week. Careful thinking about the physical setting for an assembly leads on to the consideration of its form and content. This practice of

reflection, sometimes known as creative visualisation helps students to focus upon the positive aspects of themselves that they can value and build on. The topics given are developed in such a way to encourage pupil to reflect upon a set of universal values, such as love, peace, truth, co-operation and respect. These values act as the foundation for the development of personal, social and health education, citizenship and the spiritual, moral, social and cultural

aspects. Sunday morning assembly is particularly important, as it should bring the whole school back together again after the weekend break, to re-focus upon the week in view, on its objectives and the tools that will be used to achieve them. A well-planned school assembly powerfully nurtures the development of intrapersonal intelligence in children and bring the school community together.

TECHNOLOGY

Technology is one of the most important things in today's world. Technology has helped humans in the past, is helping in the present and it will lead us to the future.

It is the knowledge to invent new devices or tools. Throughout the history, technology has made people's life easier. It includes techniques, skills etc.

Technology may be good but it has its side effects. Remember, technology is a good servant but, a very bad master.

* I MISS THOSE DAYS *

I miss those days, to begin with sun rays,
Some quick breakfast, catch bus as always,

To pick all friends, this ride so cool,
After half an hour we reach monarch school,

Every Girl and Boy, with lot of joy,
Then Teacher come, we learn and enjoy,

The tiffin so good with Yummy Food,
We play on ground with happy mood,

Some more to learn and have some fun,
Then pack the bag, so fast we run,

By protect and care, Covid we say you So,
We pray to God, and forever Let you Go,

I wish to know, when the masks will Go,
Back to old days free, we want to Grow,

MOTHER

'GOD COULD NOT BE EVERYWHERE SO HE CREATED MOTHERS'

Some days back I read 'A mother is not just someone who gave us birth, but she represents the combination of feelings, behaviour and sacrifices that they do while raising us'. I took my first breath in this world in my mother's arms and that moment, she was crying in happiness. The gentle touch, scent of her body seems to be forever with me. Since that moment, she has never left my hand and now I do not leave hers. All my problems vanish when I get a tight hug and a smile from my mother.

Have you ever thought? That, our mothers are the only one who loves us against all odds, motivates us, inspires us, makes us a better person who brings success in our lives. Remember always in your life that we can get everything but not a mother. So, always love and respect her.

Whenever we do something wrong our mothers scold us. Why? Because our mothers want us to be a good human being, mother's scold is not a scolding, it is love, care and confidence. If the world ignores you, your mother is the only one beside you, wiping your tears; but my mother says that they are very precious diamonds and should not be for everybody.

Your mother used to sing lullaby for you, just to have a nice sleep. Actually, I agree it because at night when I hug my mother, she sings lullaby or tells me stories.

Sometimes when I am scared, I just think of my mother and all the fears go away.

When, I make my mother happy, a beautiful smile lights up her face that makes my day. Nobody can live without his/ her mother.

You must be asking to god that "please give me a special gift", but you forget that our 'MOTHER' is a special gift given to us. Our mother gives us everything but we children forget to give the same respect, love, care and confidence that our mothers need from us.

Our mother always solves our problems for us. Nobody can understand a mother's feeling for her child.

I promise that I will always make my mother happy by following the advice she will give me. I will never make my mother sad or make her cry in my life.

Think of the children who do not have mother or a family, to look after them? We are blessed that we have a mother who works as a full support system for us.

"I love you my sweet and loving mother".

DISCIPLINE

GOALS

IMPORTANCE OF DISCIPLINE

Discipline is the ladder towards success.

Discipline is certainly an essential thing in everyone's life. A life without discipline is a life full of confusion. Discipline refers to the practice of making people obey rules. Furthermore, it also means following certain acceptable standards of behaviour. Discipline makes a person into a better human being. It helps an individual in becoming more focused. Discipline, makes a person avoid distractions of various kinds. A feeling of sincerity and seriousness comes in due to discipline. Consequently, a high-quality focus is the result of discipline.

Discipline brings a lot of respect for an individual from others. A disciplined individual by his very nature would command respect from others.

Another notable impact of discipline is good health. A disciplined individual has a proper schedule of doing

everything like., fixed time for eating, sleeping, rising, exercising, working, etc. All these ensure good health and body fitness of the individual.

A disciplined person is very careful with the use of his words when talking with others.

Having more time is a precious advantage of staying in the discipline, because a person of discipline will not waste time in useless or worthless activities. Each activity and task must begin and end at a fixed time. **Schedule your days out.** This is key to success and allow you to see the path ahead.

In conclusion, discipline is a significantly important quality to have in every walk of life. It brings out the best in us. It keeps our body, mind, and soul under control.

THE LIFE OF BIRDS

Birds fly through the sky and they are very shy. They go out in the bright and they come back in the night.

Once they come home they always roam to see their little eggs hatching with two tiny legs.

They build their nest with their very best to have a little rest because they are very stressed.

Keerthana Rao Gunayathi
Grade IA

Vivek drops the girl at her grandparent's house in the village Somanahalli. The conversation between two friends on the way is a flashback of Noonni's father of his younger days.

Summary of the book

The story in this novel revolves around Noonni (Anoushka), a 12-year-old girl who lives in Bangalore with her father (Dr. Shekhar, a busy doctor) and mother (Usha, a banker by profession). She is a happy-go-lucky tomboy who loves all forms of physical activity. She is fairly good at studies too. Like most city kids, she too (at her parent's behest) has joined all sorts of activity classes from time to time, with or without interest and is craving for some real fun during her forthcoming summer vacation. Noonni's final exam results are out and a ten week long summer vacation is about to begin. Instead of being happy or excited she is sad that like every year, her parents will have limited holidays. As usual, they will visit a nearby hill station for a few days and then she will join a summer camp and few more activity classes which seemed repetitive and boring. Luckily for Noonni, that year a turn of events takes place in such a way that she gets a chance to spend her vacation with her paternal grandparents who live in Somanahalli, a village in Karnataka. This village is not only known for its picturesque view, good

Why I like this book?

I like this book because this is definitely one of the good novels for children. The story is engaging and captivating. There are so many things for kids to read and learn from the story. The books teach us about the village life and culture, the fauna and flora of forests, the virtue of respecting elders, culminating good and healthy relationship with friends. The unity and generosity of Ajji, Ajja, and all the villagers to help the archaeological people inspire us to be helpful to others.

Favorite character in this book

Noonni is a twelve-year-old girl. She is a tomboy. She loves to participate in physical activities like climbing, walking, hiking etc. Unlike kids of today's generation, she didn't like playing computer games or surfing on the internet.

Favourite incident in the book

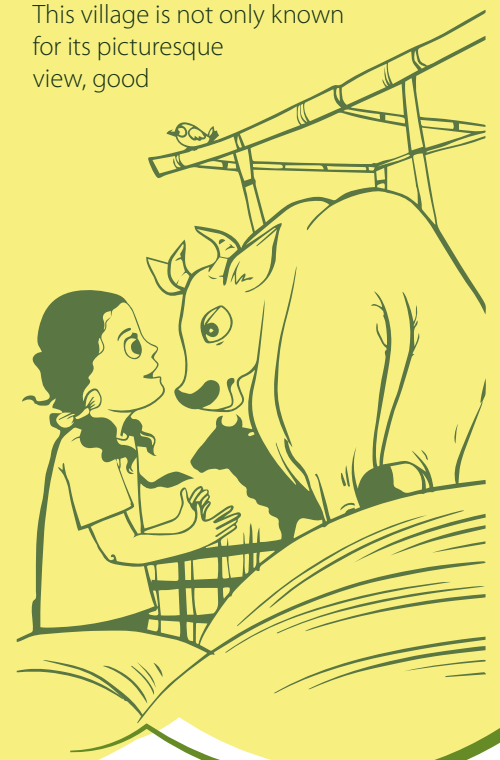

Noonni's mother Usha is visiting Delhi for some official work and her father Dr. Shekhar is busy with his patients. Noonni would visit her grandparents for the next six weeks. Shekhar along with his friend

MY FAVORITE BOOK

Book Review by

Anaswara Anil
Grade VB

weather and kind people but also is famous for a fabled stepwell. Now people had not seen this stepwell for ages, but stories associated with it could be heard in different versions from many villagers who had stayed there for generations. Noonni's grandpa (Ajja) and grandma (Ajji) are respected elders of this village and they welcome Noonni with open arms. Thereafter starts a vacation which is full of fun and adventure for Noonni. In her first few days itself Noonni makes new friends, learns to ride a bicycle, goes for a picnic and even attends a village wedding. She admires Ajja for his wisdom, simplicity, loving and caring nature and disciplined life while Ajji is like her friend with whom she can share anything and everything. Noonni keeps asking questions and Ajji being a patient and loving grandmother, teaches Noonni many new things every single day. Ajji is very caring and loving towards Noonni. Noonni is very happy with her village vacation and soon gets used to its gentle routine. She too gets to hear the story of the step well from both Ajji and Ajja (slightly different versions) and develops a secret desire to find the step well. Luck is standing by Noonni's side during this vacation as one day when she is going on a small excursion to see

the Varada river with her friends, she stumbles upon a shrub and in her excitement to go near it, she gets stuck in a swamp one event leads to another and because of Noonni's determination and enthusiasm, the search for the stepwell first starts at village level and later authorities also get involved. Later archeologists are called and inspections are conducted. The whole village stood as one during this. And finally the stepwell is being found layer by layer and Noonni has a cherished mind full of memories to tell her friends back at school.

What I like about this book?

'The magic of the lost temple' by Sudha Murthy is a delight to read. It is a perfect

choice for anyone who is tired of the chaotic city life and routine and wants to sit back and connect to something which is more peaceful, simpler and joy giving. Even without visiting a village, a child or adult can get a fair idea of how life in a village would be, which is usually considered to be slow paced and less glamorous. This soulfully enriching book is an easy, quick and interesting read like most of Murthy's books.

Self-Esteem

Palak Satish Godia
Grade VB

I
love
myself!

Self-esteem is to take delight or satisfaction in accomplishment, achievements and status and demonstrate a positive opinion for self.

Never mind how you are, how you look, do your best and achieve your goals.

Don't mind what they say, enjoy your life.

People may say anything, but remember that you won't become what they say.

Be calm, because one day will come when these people will say "Yes, you are the best".

Be proud of yourself, the way you are. Don't be ashamed of yourself.

YOU ARE THE BEST!!!

Importance of Sports In Our Lives

It is said that "Health is Wealth." We can have a sound mind only in a sound body. Mental health is imperative for physical health. In today's fast life, we are so busy that we do not get time to eat properly, physical exercise and even sleep adequately. To achieve our entire goal we need to remain healthy physically and mentally.

Sports are undoubtedly an activity that is fun to do but it has many other positive effects on our lives.

The value of sports is great. To enjoy good health, we should take part in sports. It builds healthy bones and muscles, increases fitness, helps in socialize, improves cooperation skills, boost self-confidence and boosts our immunity power.

Sports have a great importance in human life. In the past, no importance was attached to Sports in our country but now we have realized that Sports is very useful. So, every educational institution of our country provides for sports. As a matter of fact sports are necessary part of education. Sports are important for the development

of body and mind. Sachin Tendulkar, Virat Kohli, Marry Kom, Sushil Kumar and many more are well-known persons in the field of Sports.

Thus we see that Games and Sports are essential for the mental, physical and moral makeup of the youth who have to shoulder enormous responsibilities in the development of their countries.

INDIAN IDENTITY- UNITY IN DIVERSITY

Nationalism is the love for one's country and the willingness to defend it. The moment there is a threat to the nation, the patriotic feelings of the people are aroused.

Such are the people of the country I come from. India is a country of many ethnic groups, spoken languages, dialects, regional variations-numerous modes of apparel and countless mannerisms. But there is a basic unity which runs through the Indian mainstream of life and thoughts. There is a traditional culture which is truly oriental and which conforms to the teachings of our sages. The ancient culture and diversity makes India a very unique country which strengthens communal harmony. A significant recognition of the fusion of cultural trends comes through the constitution which says that it shall be the duty of every citizen of India to value and preserve the rich heritage of our composite cultures. The real strength of our country lies in its basic unity, vigour and the ability to contain an amazing diversity within itself. The concept of one basic culture and one nature has still continued. And that is an outstanding feature of this country.

Shaurya Viraj Singh

Happiness, The Key To Success

Suppose you have all the things you wish for!

What would happen? You would have no wishes left. But there is no end to wishes.

If we think about what we do not have, we will never enjoy what we have. Contentment is the key to happiness. If you feel happy about what you have, you would be happy. On the other hand, if you keep wishing for what others have, you would never be happy.

Happiness is very important in life. When we are happy, we smile, crack jokes and laugh. There are certain things that make us happy. Like:

Songs, tickling and gifts.

When I am sad, things that make me happy are:

Admiring nature's beauty, watching movies and listening to music.

When we are happy, we share our happiness with others. When we are sad, we cry alone. People who are always joyful and happy are appreciated as their smile makes others happy.

They never show their sadness. When I am sad, I always try not to show my sadness. Slowly, this makes me happy.

Happiness is also important for a child's success. It is not important that how good a teacher or school is. The child's happiness positively reflects in his/her works and examinations. **A child should learn and study happily for good results.**

All of us have negative thoughts. This makes us Sad. If we try to stay positive, we will be happy.

I end by saying;
"Happiness brings success,
Success brings happiness"

Importance of Yoga in our daily life

Yoga is an ancient art that connects the mind and body. It involves breathing techniques and meditation along with exercises which are beneficial for good health.

Yoga essentially originated in the subcontinent of India. The term 'Yoga' has been derived from a Sanskrit word which translates to basically union and discipline. Yoga gained popularity gradually and is now spread in all regions of the world. It unites people in harmony and peace.

School children are encouraged to do yoga because it helps in concentrating on studies. It is a great channel for releasing our stress and anxiety. Yoga helps to improve the memory function in both adults and children. It also helps to improve children's attention and focus. If the children have the habit of doing yoga from an early stage itself, they will be able to cope with their life with ease as they grow up. Yoga helps us keep control of our bodies as well as mind. It allows the body and mind to relax so that practitioners will get better sleep. With better sleep, children can focus better in class, play more actively and perform better at examinations. Yoga helps in sharpening our mind and improving our intelligence. We can achieve a higher level of concentration through yoga and also learn how to steady our emotions. It connects us to nature like never before and enhances our social well-being.

Yoga has numerous other benefits if we look at it closely. Yoga helps to manage our body weight. Through regular practice children can manage a healthy weight. When we practice several postures, it strengthens our body and gives us a feeling of well-being and healthiness. In addition, you can develop self-discipline and self-awareness from yoga if practiced regularly. You will gain a sense of power once you do it consistently and help you lead a healthy life free from any problems. Anyone can practice yoga no matter what your age is or whichever religion you follow.

21st of June is celebrated as International Day of Yoga where people are made aware of the benefits of yoga. Yoga is a great gift to mankind which helps us keep better and maintain our health and also helps in keeping the negative thoughts away. You get great mental clarity and better understanding.

In short, practicing yoga has several benefits. Everyone must practice it to keep their health maintained and also benefit from it. It is the secret to living a healthy and long life without the use of any artificial means like medicines or any other shortcuts of any kind.

This Yoga Day lets' take a pledge to practice yoga daily.

ഒരുകാട്ടിൽ മിന്നു എന്നു പേരുള്ള ഒരു കിളി തന്റെ ചങ്ങാതിമാരോടൊപ്പം താമസിച്ചിരുന്നു. നിറയെ പഴങ്ങളും പൂക്കളുമുള്ള മനോഹരമായ ഒരു മരത്തിലായിരുന്നു മിന്നുവിന്റെ കുട്. എന്നാൽ മറ്റാരെയും

ആ മരത്തിൽ കൂടുകെട്ടാനോ, അതിലെ പഴങ്ങൾ തിന്നാനോ അവൾ അനുവദിച്ചിരുന്നില്ല മാത്രമല്ല

സ്വന്തം ചിറകുകളുടെ നിറത്തിലും സൗന്ദര്യത്തിലും അവൾ അതിയായി അഹങ്കരിച്ചിരുന്നു.

ദിവസവും പുലർച്ചെതന്നെ മറ്റു കിളികൾ തീറ്റ തേടി പോകുക പതിവായിരുന്നു.

സന്ധ്യക്ക് മുന്നേ വീടേത്തുന്ന അവർ കുട്ടുംകൂടിയും കുശലം പറഞ്ഞും സന്തോഷത്തോടെ കഴിഞ്ഞു. എന്നാൽ മിന്നു അവളുടെ സൗന്ദര്യത്തെ പുകഴ്ത്തി പറയുന്ന വരോട് മാത്രമേ ചങ്ങാതം കൂടിയിരുന്നുള്ളൂ. അവർക്ക് മാത്രം തന്റെ മരത്തിലെ പഴങ്ങൾ തിന്നാനുള്ള അനുവാദവും കൊടുത്തിരുന്നുള്ളൂ. മിന്നുവിന്റെ ഈ സ്വഭാവം ആർക്കും അത്ര ഇഷ്ടമല്ലെങ്കിലും മറ്റു കിളികൾ അവളെ മാറ്റിനിർത്തിയില്ല.

തീറ്റ തേടിപോകുമ്പോൾ മിന്നു വിനേയും അവർ വിളിക്കുമായിരുന്നു. എന്നാൽ തന്റെ മനോഹരമായ ചിറകുകൾക്ക് മങ്ങലേൽക്കുമെന്ന് കരുതി മിന്നു ദൂരത്തെങ്ങും പോകാറില്ല.

അങ്ങനെയിരിക്കെ ആ പ്രദേശത്ത് കടുത്ത വരൾച്ച വന്നു. ഇലകളും പൂക്കളുമെല്ലാം കരിഞ്ഞുണങ്ങി. മിന്നുക്കിളിയുടെ മരത്തിലെ പഴങ്ങളെല്ലാം വടിവീണു. അടുത്തുള്ള ജലാശയങ്ങളെല്ലാം വറ്റിവരണ്ടു. കിളികളെല്ലാം ആ കാടുവിട്ടു പോയി തുടങ്ങി. മിന്നുവും അങ്ങനെ ആ തീരുമാനത്തിലെത്തി. തന്റെ പ്രിയപ്പെട്ട കാടും മരവും ഉപേക്ഷിച്ച് അവളും പറന്നു. എന്നാൽ അധികദൂരം പറക്കാൻ അവൾക്ക് കഴിഞ്ഞില്ല. തന്റെ ചിറകുകൾക്ക് അധികദൂരം പറക്കാനുള്ള ശക്തി യില്ലെന്ന് അവൾ തിരിച്ചറിഞ്ഞു. അഹങ്കരിച്ചിരിക്കാതെ തന്റെ കൂട്ടുകാരുടെ കൂടെ ദിവസവും പോയിരുന്നെങ്കിൽ തന്നിടം ഗതി വരില്ലാരുമെന്ന് അവൾ വിഷമത്തോടെ ഓർത്തു. ഒന്നിലും അഹങ്കരിക്കരുത് എല്ലാം ദൈവത്തിന്റെ വരദാനമാണെന്ന് അവൾ മനസ്സിലാക്കി.

فغالباً ما يجد الطفل من أهله الرعاية وهي تقديم ما يحتاجه من طعام وشراب وتحقيق النوم المريح والنزهات المسلية والتربية بتوجيهه إلى الصواب من الأفعال والأقوال ومراقبة تصرفاته ونقد السيء منها وامتداح ما جاد منها، إلا أنه يفتقد إلى اهتمام والديه بتعليمه وتلقينه مختلف أنواع العلوم والتي كان من الممكن أن يتقبلها بشكل جيد لو قدمت له. وقد وصل حد الفصل عند الأهل بين التربية والتعليم إلى درجة أن يأتوا بمدرس خصوصي لأبنائهم.

وبالتالي فإن المدرس يجسد له دور مقدم المادة التعليمية بعيداً عن المودة والتربية ومما لاشك فيه أن مؤسسات التعليم في كافة أنحاء العالم تعاني من الجفاء بين التربية والتعليم ومن مظاهرها تنحي المدرسين عن درجة القدوة للطالب وقسوة المدرسين وإعطاء مادة علمية جافة وخالية من أي توجيهات تربوية.

ولو ان المدرسين اهتموا بالمسائل التربوية وبمشاعر الطلبة لاستطاعوا جذبهم أكثر إلى فهم المادة التعليمية التي يقدمونها وبالتالي لحرروا الطلاب من الأساسيس التي تنتاب غالبيتهم اتجاه المدرسة وقسوة المعلمين وجفاف المواد الدراسية الأمر الذي ينعكس سلباً على أدائهم الدراسي

و مما لاشك فيه أن اهتمام المدرس بعامل التربية إضافة إلى تقديم المادة العلمية سيساهم في حب الطلاب للمدرسة ورغبتهم بالذهاب إليها وتلقي العلوم الجديدة على الشكل الذي يجعلهم يستوعبون ويستفيدون منها

كما أن على أولياء الأمور أن يعرفوا أن واجبهم ومسؤوليتهم تجاه أبنائهم لا تتوقف عند دور الرعاية بما تشمله من العناية الجسدية، والدور التربوي الذي يعني بالناحية الأخلاقية والفكرية ، وإنما عليهم أيضاً استغلال علاقة الحب والود الموجودة بينهم وبين أبنائهم في تلقينهم المعلومة لأن هذا من شأنه أن يجعل الطفل يتقبل منهم ما يعلمونه بسرعة ويستوعبه بحب.

تربية الأبناء وتعليمهم مسؤولية من؟

نصرالله حسين اندري
مدرس اللغة العربية

مدرسة مونارك الدولي دي , بي , ايس

سؤال يدور بين أولياء أمور الطلبة ومدرسيهم عن تربية الأبناء ومسئوليتها والواقع أن الكل مسئول أمام الله عن ما تحت يده.. والأولاد نعمة من الله أنعم بها على عباده وكلف الخلق بشكرها ورعايتها وحفظها.. فبصلاح الناس وحسن توجيههم يصلح أولادهم بإذن الله وتوفيقه فيجب وقايتهم بتعليمهم ما ينفعهم وتحذيرهم مما يضرهم وتأديبهم الأدب الحسن وفق تعاليم الإسلام أمراً ونهياً وفعلاً وتركاً..

والتربية مهمة جسيمة وغاية عظيمة.. فالتربية القويمة الإسلامية الصحيحة تثمر لنا جيلاً يرفع راية هذا الدين ويساهم في نصرته الإسلام والمسلمين.

فنرى أمثال سعد وبلال بن رباح وعمر وعلي وصلاح.. كل من كان لهم السبق في نصرته الإسلام والمسلمين فكانوا ولا زالوا نبراساً مضيئاً ومجداً خالداً نعتز ونفخر به..

فأطفال اليوم هم شباب المستقبل هم عماد الأمة وما دام الولد في البيت لم يدخل المدرسة فالمسؤولية خاصة بولي أمره عليه أن يراعه حق الرعاية ويصونه غاية الصيانة وأن يحسن تربيته بقدر المستطاع تربية إسلامية صحيحة فإذا بلغ سن التمييز علمه الطهارة وأمره بالصلاة فإذا بلغ عشر سنين ضربه عليها وهدده على تركها امتثالاً لقول رسول الله صلى الله عليه وسلم ((مروا أولادكم بالصلاة لسبع سنين واطربوهم عليها لعشر))..

فإذا سلم الولد إلى المدرسة اشترك في تربيته المدرسون من ناحية وأولياء الأمور من ناحية أخرى.

ومهمة المدرس هنا كبيرة إذ أنه مسؤول ومؤتمن على توجيه الطلبة وتعليمهم وتأديبهم ويجب أولاً أن يكون قدوة صالحة لهم لأنه محط أنظارهم.

فقد قال العلامة « ابن القيم » في كتابه « تحفة الودود بأحكام المولود: » من أهمل تعليم ولده ما ينفعه وتركه سدى فقد أساء إليه غاية الإساءة.

وهكذا فإن البيت والمدرسة هما الأساس لتكوين الأجيال الصالحة فالكل راع ومسئول عن رعيته.

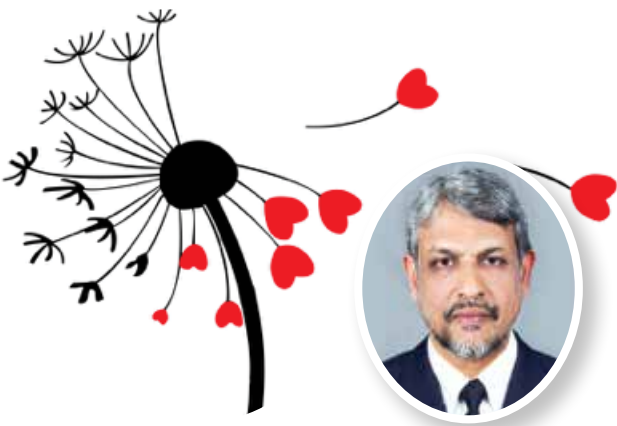

وفصل التربية عن التعليم مشكلة تحدث عند كل من أولياء الأمور والمدرسين ويعاني الأطفال الكثير جراء هذا الفصل

فبدل أن ينعم الأطفال بتلقي التربية والتعليم من آبائهم ومعلميهم يجدون أمامهم حد فاصل ودور منفصل لكل منهما (الآباء والمعلمين)

Learn FRENCH! La Française

Le français est une langue indo-européenne de la famille des langues romanes

Le français est déclaré langue officielle en France en 1539. Il est parlé, en 2018, sur tous les continents par environ 300 millions de personnes : 235 millions l'emploient quotidiennement et 90 millions en sont des locuteurs natifs.

Pierre Larousse, le père de la langue française.

Le français est une grande langue de communication internationale. C'est la langue étrangère la plus largement apprise après l'anglais et la neuvième langue la plus parlée dans le monde.

Le français est aussi la deuxième langue étrangère la plus enseignée au monde après l'anglais, et sur tous les continents.

Le français est en fait très facile à apprendre pour les anglophones. En effet, les mots anglais sont généralement dérivés des mots français et allemands. Plus de 60 % des mots en anglais ont leurs racines en français.

Clovis est le fondateur de la première dynastie durable sur le territoire de la France actuelle, la dynastie mérovingienne.

Avec une progression de 10% depuis 2014, le français conforte sa place de cinquième langue la plus parlée dans le monde, après le chinois, l'anglais, l'espagnol et l'arabe, révèle le rapport quadriennal de l'Organisation internationale de la francophonie.

**TODAY A
READER,
TOMORROW
A LEADER**

Being a reader across a broad range of subjects is essential for those aspiring to, or currently in, leadership positions.

Why is reading so important?

Reading provides insights from fields outside our own experience and expertise that can be applied in new ways.

Not only does reading improve our cognitive skills; it increases our knowledge, extends our vocabulary, broadens our perspective, requires focus and reduces stress.

Whether we're reading books, articles, blogs or magazines, this additional information provides us with credible evidence for our projects, strategies, and plans. Equally importantly, comparative reading challenges pre-existing ideas, providing us with a more complete

understanding of subjects and generating healthy debate.

The development of life-long reading interests and reading habits is a constant process which begins at home, improves systematically in the school and is carried on in later life through the influences of the general cultural atmosphere and the conscious efforts of public education. Reading habit is one of the fundamental building blocks of learning.

Becoming a skilled and adaptable reader enhances the chances of success at school and beyond. Reading is not just for school, it is for life. Reading, in all its variety, is vital to our becoming better informed, having a better understanding of ourselves and others, and to our development as thoughtful, constructive contributors to a democratic and cohesive society.

Every child must become fully competent in reading to succeed in school and discharge

responsibilities as a citizen of a democratic society. Reading is the foundation of much enjoyment in life and is closely related to vocational efficiency. Students and employees in every field must read to keep abreast of what is happening in their fields. They must rely on written or digital words to convey information and data. The ability to read well is absolutely critical to success in life.

On a final note, we learn so much from reading: we can travel the globe and time experiencing other centuries, cultures and traditions; we lose ourselves in mystical places; we have our hearts broken, and mended, and we discover new interests.

Our school library is equipped with all the facilities and above all a large collection of books to make future leaders out of today's young readers.

Librarian

Ecosystem Pioneer: Seagrasses Need Protection

The Seagrass bed is a luxuriously productive ecosystem, even more productive than coral reef and mangrovia forest ecosystems. In Qatar, this ecosystem is home to a total of four species of seagrass: Narrow Leaf Seagrass, Oval Leaf Seagrass, Broad Leaf Seagrass and the Turtle Seagrass, all highly adapted to the high salinity of the Arabian Gulf waters. Interestingly, although these are called seagrasses, they are instead flowering plants, closely related to pondweeds. Seagrasses are ecosystem pioneers, because they are the first settlers in a sandy sea floor along with microbes. The growth pattern of their stems, rhizomes extending horizontally, helps stabilize sand and sediment in place creating habitats for other organisms. This characteristic makes them ecosystem engineers. The organisms that are permanent residents, have evolved adaptations either to burrowing or to living in narrow places between, or on seagrass leaves (epiphytes).

Seagrass beds are nursery grounds to juveniles of many species, including shrimp, crab, fish, and Pearl Oyster.

Other organisms that inhabit or have feeding grounds on this ecosystem include molluscs, crustaceans, Black Sea Cucumbers, Green Tiger prawn, sea turtles and snakes. These are either herbivores consuming seagrass, or carnivores that consume the herbivores. The magnificent Dugong, or sea cow, is a frequent visitor, since seagrasses are the major nutritional source of its diet. Climate change phenomena pose a threat to the health of seagrass beds as an ecosystem and to its inhabitants. Coastline development is another threat causing habitat loss.

FATHER FORGETS

W. Livingston Larned

Listen, son: I am saying this as you lie asleep, one little paw crumpled under your cheek and the blond curls stickily wet on your damp forehead. I have stolen into your room alone. Just a few minutes ago, as I sat reading my paper in the library, a stifling wave of remorse swept over me. Guiltily I came to your bedside.

There are things I was thinking, son: I had been cross to you. I scolded you as you were dressing for school because you gave your face merely a dab with a towel. I took you to task for not cleaning your shoes. I called out angrily when you threw some of your things on the floor.

At breakfast I found fault, too. You spilled things. You gulped down your food. You put your elbows on the table. You spread the butter too thick on your bread. And as you started off to play and I made for my train, you turned and waved a hand and called "Goodbye, Daddy!" and I frowned and said in reply, "Hold your shoulders back!".

Then it began all over again in late afternoon. As I came up the road I

spied on you, down on your knees, playing marbles. There were holes in your socks. I humiliated you before your friends by marching you ahead of me to the house.

Do you remember, later, when I was reading in the library, how you came in timidly, with a sort of hurt feeling in your eyes? When I glanced up over my paper, impatient at the interruption, you hesitated at the door. "What is it you want?" I snapped. You said nothing, but ran across in one swift plunge, and threw your arms around my neck and kissed me goodnight, and your small arms tightened with the affection that God has set blooming in your heart and which even neglect could not wither. And then you were gone pattering up the stairs.

Well, son, it was shortly afterwards that my paper slipped from my hands and a terrible sickening fear came over me. What has habit doing to me? The habit of finding fault, of reprimanding- this was my reward to you for being a boy. It was not that I did not love you; it was that I expected too much from you. I was measuring you by the yardstick of my own years. And there was so much that was good and fine and true in your character. The little heart of you was as big as the dawn itself over the wide hills. This was shown by your spontaneous impulse to rush in and kiss me goodnight. Nothing else matters tonight, son.

I have come to your bedside in the darkness, and I have knelt there ashamed!

It is feeble atonement; I know you would not understand these things if I told them to you during your waking hours. But tomorrow I will be a real daddy! I will chum with you and suffer when you suffer and laugh when you laugh. I will bite my tongue when impatient words come. I will keep saying if it were a ritual: "He is nothing but a boy- a little boy!" I am afraid I have visualized you as a man. Yet as I see now, son, crumpled and weary in your cot, I see that you are still a baby. Yesterday you were in your mother's arms, your head on her shoulder. I have asked too much, too much.

(Father Forgets is one of the best classics of American Journalism highly relating even today after years of its first publication)

Often parents and teachers are tempted to criticize their children. Instead of criticizing let us try to understand them. Let's try to figure out why they do and what they do. That is a lot more profitable and intriguing than criticism, and it breeds sympathy, tolerance and kindness. "To know all is to forgive all."

കുരുക്ക്

ഒരുപാട് നേരമായി ഈ അലച്ചിൽ തുടങ്ങിയിട്ട്. എന്തെങ്കിലുമൊന്നു തിന്നാൻ കിട്ടുമോന്നു നോക്കി.

വിശപ്പ് സഹിക്കാൻ കഴിയുന്നില്ല. ദൂരെ ക്കൊന്നും തെളിഞ്ഞു കാണാൻ കഴിയാത്ത വിധം നേരിയ ഇരുട്ടുമുണ്ട് ഓട്ട പാച്ചിലിനിടയിൽ പെട്ടെന്നാണ് അത് ശ്രദ്ധയിൽ പെട്ടത്. തിന്നാനുള്ള വല്ലതുമണോ അതെന്നറിയാൻ വേഗം അതിന്റെ അടുത്തെത്തി. ഹാവു വല്ലാത്ത ഒരാശ്വാസം.

ഇത്ര നേരം അലഞ്ഞത് വെറുതെ ആയില്ല. അവസാനം നല്ലൊരു ഭക്ഷണം കണ്ടെത്തിയിരിക്കുന്നു. സന്തോഷത്തോടെ ഞാൻ അതിന്റെ അടുത്തേക്ക്.

പെട്ടന്ന്.... മനസ്സിൽ ഒരു തോന്നൽ.. ഇതെങ്ങിനെ ഇവിടെവന്നു..? ആരായിരിക്കും... ഇതിവിടെ വെച്ചിരിക്കുക?.

സംശയത്തോടെ ചുറ്റുപാടും ഒന്ന് കണ്ണോടിച്ചു. പക്ഷെ ആരോ കണ്ടില്ല . വിശപ്പാണെങ്കിൽ അതിന്റെ മുൻപന്യതയിൽ ആണ്. മനസ്സാണെങ്കിൽ തിന്നാനുള്ള

ആവേശത്തിലും. വീണ്ടും...

സംശയം... എന്നാലും...

ആരായിരിക്കും ഇത് ഇവിടെ വെച്ചത്...? ഇനി വല്ലവരും കളിപ്പിക്കാൻ വെച്ചതാണോവോ?.

കൊതിയോടെ ഭക്ഷണത്തിലേക്കും, ചുറ്റുപാടും ഞാൻ മാറിമാറിനോക്കി.

കൂടുതൽ സംശയിച്ചു

നിൽക്കാൻ വിശപ്പ് അനുവദിച്ചില്ല ഇത്ര നല്ലൊരു ഭക്ഷണം കിട്ടിയിട്ട് എത്ര നേരമാ ഇങ്ങനെ...

വിശപ്പും വെപ്രാളവും കാരണം എടുത്ത് വിഴുങ്ങി എന്നു പറയുന്നതായിരിക്കും ശരി.

പെട്ടന്ന്... !!!

അമ്മേ...

!!! എന്നനിലവിളി...

ഞാനറിയാതെ തൊണ്ടയിൽനിന്നും പുറത്ത് വന്നു.

കഠിനമായ വേദനയാൽ ഞാൻ പിടഞ്ഞു.

മുർച്ചയുള്ള എന്തോ ഒന്നു തൊണ്ടയിൽ കുത്തിക്കയറി ഇരിക്കുന്നു. കൂടാതെ.. കഴിച്ച സാധനം തൊണ്ടയിൽ കൂടുങ്ങുകയും ചെയ്തു.

ശ്വാസം കിട്ടാതെ പിടയുന്ന പിടയുന്ന എനിക്ക്... സഹിക്കാൻ കഴിയാത്ത വേദനയും.

ഞാൻ നിന്ന നില്പിൽ പുളഞ്ഞു....

തിന്ന സാധനം.... പുറത്തേക്ക് തുപ്പാൻ കുറെ ശ്രമിച്ചു... കഴിയുന്നില്ല.

കഴുത്തു അങ്ങോട്ടും ഇങ്ങോട്ടും തിരിച്ചു നോക്കി.... ഒരു രക്ഷയും ഇല്ല. തലകൂടത്തുനോക്കി.... ശരിയാവുന്നില്ല... ഒരു ഭാഗത്തു കഠിനമായ വേദന.... കൂടെ ശ്വാസം എടുക്കാനും കഴിയുന്നില്ല.

ശ്വാസം മുട്ടി കണ്ണ് പുറത്തേക്കു തുറിച്ചു വരുന്നു.... ശരീരം തളരുന്നു....

ശക്തിയൊക്കെ ചോർന്നു പോയപ്പോലെ...

ശരീരത്തിന്റെ ഇളക്കത്തിനനുസരിച്ചു തൊണ്ടയിലെ വേദന കൂടിക്കൂടി വന്നു . മരണം മുന്നിൽ കണ്ടു

അതിനിടയിൽ... ആരോ എന്നെ മുന്നോട്ട് വലിക്കുന്നതായി ഒരു തോന്നൽ....? തോന്നലല്ല... ശരിയാണ്. ആരോ മുന്നോട്ട് വലിക്കുന്നുണ്ട്.

ഇരുട്ട് കാരണം മുന്നോട്ടൊന്നും കാണുന്നില്ല.

വലിക്കലിന്റെ വേഗം കൂടിയിരിക്കുന്നു മരിക്കാൻ പോകുകയാണ്.

അമ്മേ എന്ന് ഉച്ചത്തിൽനിലവിളിച്ചു...

പക്ഷെ ശബ്ദം പുറത്തേക്ക് വന്നില്ല. നിലവിളി തൊണ്ടയിൽ തുടങ്ങി.. തൊണ്ടയിൽ തന്നെ അവസാനിച്ചു.

എല്ലാം അറിയുന്നുണ്ട്....പക്ഷെ ഒന്നും ചെയ്യാൻ കഴിയാതെ...

നിസ്സഹായനായിരുന്നു ഞാൻ. രക്ഷപ്പെടാൻ കഴിയുമോ എന്ന നിലക്ക് അവസാനത്തെ ഒരു ശ്രമം കൂടി നടത്തിനോക്കി.

പെട്ടന്ന് ആൾ കൂട്ടത്തിന്റെ ശബ്ദം കേട്ടുതുടങ്ങി.. പിന്നെ.. ശബ്ദം കൂടി ... കൂടി... വന്നു. ഇപ്പോ വലി നിന്നിരിക്കുന്നു.

ആൾക്കൂട്ടത്തിന്റെ അടുത്തെത്തി എന്നു മനസ്സിലായി. ഒരു നേരിയ ആശ്വാസത്തിൽ നിൽക്കുമ്പോൾ

പെട്ടന്ന് !!! അവരിൽനിന്നും നിന്നും ആരോ എന്റെ വയറ്റിലേക്ക് മുർച്ചയുള്ള എന്തോ ഒന്ന് കുത്തി ഇറക്കി.

അമ്മേ... എന്നിൽ നിന്നുതിർന്ന ആർത്തനാദം... തൊണ്ടയിൽ കുരുങ്ങി. കുതറി രക്ഷപ്പെടാൻ അവസാനത്തെ ഒരു ശ്രമം കൂടി.

പക്ഷെ ഒന്നനങ്ങാൻ കൂടി കഴിയാത്ത അത്ര വേദനയിൽ ഞാൻനിശ്ചലനായി.

അതുകണ്ട ആൾക്കൂട്ടത്തിന്റെ സന്തോഷാവരം. അത് ഉച്ചത്തിലായി. അവരാക്കാക്കിയോ ചേർന്ന് എന്നെ വലിച്ചിഴച്ചു എവിടേക്കോ കയറ്റി. ശ്വാസം കിട്ടാതെ....

മരണ വെപ്രാളത്തോടെ... ഞാൻ അവടെ കിടന്നു പിടഞ്ഞു.

എന്റെപിടച്ചിൽകണ്ട അവർ ആർത്തു ചിരിച്ചു.

ഞാൻ മരിക്കുകയാണ്.. അതിനിടയിൽ... എന്റെ വയറിൽ കുത്തി ഇറക്കിയിരുന്ന

കുർത്ത സാദനം ആരോ
ഉരിയെടുത്തു.
തൊണ്ടയിൽ
കുടുങ്ങിയതും... അവർ
പുറത്തേക്കെടുത്തു
പക്ഷെ... എന്ത്
പ്രയോജനം.
അപ്പോൾ...

ഞാനെന്റെ അവസാന
ത്തെ ശ്വാസത്തിന്
വേണ്ടി വാ തുറന്നിരിക്ക
യായിരുന്നു.

എന്നിട്ടും.. അവരെനെ
വിട്ടില്ല.
എന്റെ തുറന്ന വായിൽ
വീണ്ടും അവർ ആയുധം
കുത്തി ഇറക്കി.

എന്നിട്ട്...
അവരെനെ തൂക്കിയെടു
ത്തു.
ഇപ്പോ എന്നെ എവിടെ
യോ തൂക്കിയിട്ടിരിക്കുക
യാണ്.....

ഞാൻ അവസാനിക്കുകയാ
ണ്.

ജീവന്റെ അവസാനത്തെ
കണികയും
എന്നെവിട്ട് പോകുകയാണ്
....
അതിനിടയിലും അവരി
ലാരോ പറയുന്നത് അവ്യ
ക്തമായി ഞാൻ കേട്ടു.

"ഇന്ന് നല്ല കോളാണല്ലോ
...അളിയാ..

പത്തു കിലോയുള്ള നെ
മ്മീനല്ലേ ..
കിട്ടിയിരിക്കുന്നത് ".
അത്
കേട്ട മറ്റുള്ളവർ ആർത്തു
ചിരിച്ചു.

അവരുടെ
പൊട്ടിച്ചികൾക്കിടയിൽ...

എന്റെ ദേഹം
ഒന്നുവളഞ്ഞു..... വായ ഒ
ന്നു കൂടെ തുറന്നു...
കണ്ണുകൾപതിയെ നിശ്ചല
മായി.

-അഷ്റഫ് അലി.
കുറ്റിക്കോടൻ.

മലയാളഭാഷയുടെ കഥ

ഒരുവന് മറ്റൊരാളുമായി ഹൃദയം കൊണ്ട് സംവദിക്കാൻ കഴിയുന്നത് അവന്റെ മാതൃഭാഷയിലൂടെയാണ്. അപരിചിതമായ ഒന്നിനെഗ്രഹിക്കാൻ നമ്മെ ഏറെ സഹായിക്കുന്നത് മാതൃഭാഷയാണ്. മലയാള നാടിന്റെ സംസ്കാരം നാം തൊട്ടറിയുന്നത് മലയാളഭാഷയിലൂടെയാണ്.

ഭാഷ ഭാഷണമാണ് എന്നും പറയാറുണ്ട്. ഭാഷയുടെ ആദി രൂപവും ജീവൽ സ്വരൂപവും ഭാഷണം ആണെന്നുള്ളതും തർക്കമില്ല.

എല്ലാ ഭാഷകളുടേയും ചരിത്രം സങ്കീർണ്ണമാണ് മലയാളത്തിന്റേയും.

മുവായിരംകൊല്ലം മുമ്പ് തെക്കേ ഇന്ത്യയിലെ ആൾക്കാർ സംസാരിച്ചിരുന്ന പൊതുഭാഷ :ആദിദ്രാവിഡഭാഷ പഴംതമിഴ് ഭാഷ യിൽനിന്ന് ഉരുത്തിരിഞ്ഞുവന്ന ഭാഷയാണ് മലയാളം. മറ്റൊല്ലാ ഭാഷകളിലും ഉള്ളതുപോലെ തമിഴിലും ദേശഭേദങ്ങൾ ഉണ്ടായിരുന്നു. ഇതിൽ ഒരു വകഭേദമായ കൊടുംതമിഴാണ് പിന്നേട് മലനാട്ടിലെ ഭാഷയായ മലയാളമായി പരിണമിച്ചതെന്ന് ഭാഷാ ശാസ്ത്രജ്ഞന്മാർ കരുതുന്നു.

ദ്രാവിദ്രാവിഡഭാഷാകുടുംബത്തിലെ ഒരുശാഖയാണ് മലയാളം. 'മല' എന്ന പദത്തോട് 'അളം' 'ആഴം' 'ആളം'

എന്നിങ്ങനെ യുള്ള പദങ്ങളിലൊന്ന് ചേർന്ന് ഉണ്ടായതാണ് 'മലയാളം' എന്ന പദം എന്നും പറയപ്പെടുന്നു. സഹ്യനും അറബിക്കടലിനും ഇടയിലുള്ള ദേശമാണല്ലോ നമ്മുടെത്. ഈ പ്രദേശത്ത് ഒരുകാലത്ത് തമിഴിന്റെ പലതരം പ്രാദേശിക ഭേദങ്ങളാണ് ഭാഷയായി പ്രചരിച്ചിരുന്നത്. ക്രിസ്തബ്ദം ഒമ്പതാം നൂറ്റാണ്ടുമുതൽ ഉപയോഗിച്ച് കാണുന്ന ഭാഷ തമിഴിൽനിന്ന് പല വ്യത്യാസങ്ങൾ ഉള്ളഭാഷയാണ്. പതിമൂന്ന്, പതിനാല് നൂറ്റാണ്ട് എത്തിയപ്പോൾ അക്കാലത്തുണ്ടായിട്ടുള്ള സാഹിത്യകൃതികളിൽ സംസ്കൃതപദങ്ങൾ കൂടിക്കലർന്ന മിശ്രഭാഷയാണ് ഉപയോഗിച്ചുകാണുന്നത്. ഇതിൽനിന്ന് നമുക്കൊരു നിഗമനം നടത്താം. ലിഖിതഭാഷയായി സംസ്കൃതവും സംസാരഭാഷയായി ഒരു പ്രാകൃതവും ഉപയോഗിച്ചിരുന്ന ഏതെങ്കിലും ആര്യവർഗം കേരളത്തിൽ പ്രചരിച്ചിരുന്ന തമിഴ് സംസ്കൃത പദങ്ങൾ കലർത്തിയുപയോഗിച്ചിട്ടുണ്ടാകാം. ആയുർവേദം, ജ്യോതിഷം മുതലായ ശാസ്ത്രങ്ങൾ പഠിക്കാൻ ഈ മിശ്ര ഭാഷ ഉപയോഗിച്ച് പോന്നു. സംസ്കൃതത്തിലെ അതിവരങ്ങൾ (ഖ, ച, റ, ,മ, ഫ), മൃദുക്കൾ (ഗ, ജ, ഡ, ങ, ബ), ഘോഷങ്ങൾ(ഘ, ,ശ, ഡ, ങ, ങ, ങ) എന്നീ വർഗ്ഗക്ഷരങ്ങളും ഉഷ്ണങ്ങളും (ശ, ഷ, സ, ഹ) ദ്രാവിഡ ഭാഷയിലില്ല. ഈ പുതിയ വർണ്ണങ്ങൾ കൂടിച്ചേർന്ന് മലയാളത്തിലെ വർണ്ണമാല വിപുലനംചെയ്തു. സംസ്കൃതം കലർത്തിയ മിശ്രഭാഷയുടെ സാഹിത്യത്തിന്റെ പേരാണ് മണി പ്രവാളം ഇത്തരത്തിൽ സാവധാനം നാടൻതമിഴിൽനിന്ന് വ്യത്യസ്തമായ ഭാഷാരീതി പ്രചരിച്ചത്. ഇങ്ങനെ പദാവലിയിലും വ്യാകരണത്തിലും പ്രകടമായ വ്യത്യാസങ്ങൾ ഉണ്ടായി.

ക്രിസ്തബ്ദം അഞ്ച്, പത്ത് നൂറ്റാണ്ടുകൾക്കിടയിൽ ഈ പ്രദേശത്ത് പ്രചരിച്ചിരുന്ന പ്രാദേശികമായ തമിഴിൽ നിന്നാണ് മലയാളം ഉണ്ടായത്. അന്യ ഭാഷയുടെ സമ്പർക്കത്തലാണ് പ്രാദേശികഭാഷയായ തമിഴിന് മാറ്റമുണ്ടായത്.

സഹ്യന് പടിഞ്ഞാറുള്ള കേരളത്തിലെ ജനങ്ങൾ ചരിത്രപരവും ഭൂമിശാസ്ത്രപരവുമായ കാരണത്താൽ വേർതിരിഞ്ഞു ജീവിച്ചു അതും ഇങ്ങനൊരു ഭാഷ ഉരിത്തിരിയാൻ കാരണമായി എന്ന് കരുതപ്പെടുന്നു.
