Date: 12/10/2023

Dear Parents,

Greetings of the day!

In accordance with the guidelines provided by the Ministry of Public Health (MOPH), we will be conducting a vision screening test for students in Grade 1, 3, 5, 7, and 9. This vision screening is a routine measure that we have implemented to safeguard our students' visual health and overall well-being.

The vision screening tests will be carried out by our experienced school nurses in our school clinic. Their supervision ensures that the process is thorough and conducted with the utmost care. We want to reassure you that your child's safety and welfare are our top priorities, and this initiative is an important step in ensuring that we are providing the best possible support for their development.

If you have any questions or concerns regarding the vision screening, please do not hesitate to contact our school nurses. We are here to assist you and address any queries you may have.

Once again, thank you for your understanding and collaboration in this endeavor. Together, we can continue to provide the best care and education for your child.

Warm regards,

DPS Monarch Health Team
