National Olympiad Opportunities in Programming, AI & Cybersecurity

Grade: III - XII

Dear Parents,

Greetings!!

We are pleased to share that, as per the latest circular from the Ministry of Education (MOE), our students are invited to participate in the upcoming National Olympiad for Programming, Artificial Intelligence, and Cybersecurity for the 2025 academic year.

This initiative aims to nurture talent and prepare students for future opportunities in technology and innovation. Competitions will include:

- Website Design
- Cybersecurity Challenges
- Scratch Programming
- Mobile Application Development
- Algorithms and Python Programming

Students from both primary and secondary cycles will have a chance to demonstrate their skills and compete in these national events. Participation aligns with the MOE's vision to empower students with the latest tools and techniques in science and technology, helping them build future-ready competencies.

We encourage your child to take this opportunity to explore and showcase their talents in these essential fields. **Shortlisted students will only represent the School** as per the guidelines of Ministry. There will be prelimns conducted in the following days. Students should be prepared well, the topics are mentioned in the registration form. The grade wise topics are :-

GRADE	TOPICS
