From Principal's desk....

Dear Parents,

Greetings from DPS Monarch International School!

We would like to inform you that the Department of Private Schools and Kindergartens, Ministry of Education and Higher Education (MOEHE), has shared important guidance in light of the exceptional circumstances currently being experienced in the State of Qatar.

As part of its commitment to supporting the well-being of students and strengthening the role of families in creating a safe and stable environment for children, the Ministry has issued awareness guidelines titled:

“The Family as the Foundation of Psychological Stability: Building Children’s Mental Health in Changing Circumstances.”

- The importance of the family’s role in supporting children’s psychological well-being.
- Understanding and responding to emotional and behavioral reactions that children may display during challenging situations.
- Educational practices and strategies that help strengthen children’s sense of safety, reassurance, and stability.
- Practical ways to protect children from fear, anxiety, and psychological stress.

We kindly request all parents to review the attached guidelines carefully and implement the suggested practices wherever possible to support your child’s emotional well-being during this period.

Your cooperation in creating a supportive and reassuring environment for our students is highly valued. Together, we can help ensure that our children continue to feel safe, confident, and emotionally secure.

Thank you for your continued support and partnership.

Warm regards,

Meenal Bakshi
Principal
