NASO OLYMPIAD

Grades 2-10

Dear Parents,

Greetings of the day!

We are thrilled to announce that DPS Monarch International School has received an exclusive invitation from the **National Astronomy and Science Olympiad (NASO)** team for the upcoming 2026-27 session. This prestigious Olympiad offers an unparalleled opportunity for our students to immerse themselves in the captivating world of astronomy and space science.

Our Esteemed Collaborations:

- ✓ ISRO – Registered ISRO Space Tutor
- ✓ STEM.ORG – Curriculum & Educational Experience Partner

Why Participate in NASO?

- **Beyond Classroom Learning:** The program moves past textbooks to offer **innovative workshops**, interactive quizzes, and stunning **planetarium shows** that bring science to life.
- **Expert Mentorship:** Participants get the rare opportunity to meet and learn from **respected legends** and experts in the field of space science.
- **Career Foundation:** It provides a head start for students (Classes 2–10) interested in **space science and STEM**, helping them transition smoothly from school to higher specialized studies.
- **Exciting Incentives:** Students have the chance to win **awesome prizes** and awards while discovering their potential as future astronomers.
- **Skill Development:** The platform is designed to spark curiosity, improve analytical thinking, and foster a lifelong passion for exploration and discovery.

Highlights of the NASO Experience:

- ❖ **Empowerment through Recognition:** Every participant is awarded a certificate and a detailed **The PowerUp Sessions:** Enrolled students gain **free access** to exclusive online preparatory classes led by renowned international astronomers and space scientists. These sessions cover advanced topics like black holes, exoplanets, and high-energy physics.
- ❖ **Hands-on Immersion:** Beyond the exam, the experience includes witnessing live **planetarium shows** and participating in innovative workshops where students can interact with "legends" of space science.
- ❖ **Expert Mentorship:** Through its role as an **official ISRO Space Tutor partner**, NASO provides students with authentic scientific insights and educational materials directly aligned with national space agency standards.

Two-Level Competitive Path:

- ✚ **Level 1 (School Round):** A foundational round conducted on school premises to test general aptitude in science and astronomy.
 - **Format:** 50 MCQs | 60 Minutes | No negative marking.
 - **Syllabus:** Class-level Science & Astronomy.
 - **Location:** Conducted at your school.
 - **Rewards:** Medals & Certificates for qualifiers; Participation certificates for all.
 - **Progression:** Top **10–12%** move to Level 2.

- ✚ **Level 2 (National Round):** A high-stakes competition for the top 10–12% of scorers, focusing on **research-based questions** and critical thinking.
 - **Format:** 50 Research-based questions | 60 Minutes.
 - **Timeline:** Held in the **3rd week of February** (Online).
 - **Support:** Qualified students receive **e-papers and study materials**.
 - **Rewards:** National awards, prizes, and certificates for all finalists.

Registration Details:

- Registration Fee (Exam Only): 65 QR
- Registration Fee (Exam + Books): 155 QR

Payment & Registration Details

- Eligibility: Open to students from Grades 2 to 10.
- Process: Parents should submit the payment receipt along with a completed consent letter to the student's homeroom teacher.
- Deadline: Please ensure all registrations and payments are finalized by **19th April 2026**.
