

WORK EXPERIENCE CLUB ACTIVITIES Grades 9-12

Dear Parents,
Greetings of the day!

The integration of work and study is the key element in our school. All the students are provided opportunities to gain practical experience during their academic session. Club activities, in fact, supplement academics and provide the students practical training which they require in their day-to-day life. The Club activities are planned in a way that the students display their latent talent. These activities are an essential part of Co-Scholastic assessment under CBSE.

Kindly note the following points:

- You are requested to submit names of **any three** clubs in the order of preference.
- Clubs allocated once **cannot** be changed in an academic session.
- The school reserves rights to make a final decision for allocation of seats in the clubs and is **subject to availability**.
- Enrolment in the Clubs is **compulsory** for all students.
- Robotics club is a paid club offered to registered students only.
- There will be a screening for students who want to opt for TEDx Club.
- Commerce Club is offered to students in grade 11 and 12 only.
- Last date to enroll for the clubs is **14th April 2025**
