From Principal's desk....

Dear Parents,

Greetings of the day!

We are pleased to inform you that DPS Monarch International School, in collaboration with Adonteck Teachserv & Trading W.L.L., is implementing a Bus Tracking System aimed at enhancing student safety, improving communication, and ensuring greater transparency in transportation services.

This advanced system is designed to keep parents informed and reassured about their child's commute through real-time tracking and a host of user-friendly features.

Key Features for Parents:

1. Live Bus Tracking

Track your child's school bus live on a digital map, complete with estimated arrival alerts.

2. Boarding & Drop Alerts

Receive instant notifications when your child boards or deboards the bus.

3. Bus Movement Alerts

Stay informed as the bus begins its journey or approaches your child's pick-up/drop-off point.

4. Reached School/Home Notification

Get real-time alerts once the driver marks the arrival at school or home.

5. Checkout Notifications

Be notified when your child is checked out by the designated nanny or driver at the drop-off location.

6. Leave Notification Option

Easily inform the school through the app if your child will not be using the bus on a given day, enabling the system to adjust the trip accordingly.

7. Trip History Access

View previous trip logs, attendance records, and timings for greater visibility and peace of mind.

Subscription Details:

- The subscription will be valid for 10 months.
- The first month will be offered free of charge as an introductory benefit.
- From the second month onwards, a nominal fee of QAR 15 per child per month will be applicable until the completion of the subscription period.

We are confident that this system will significantly contribute to enhancing the efficiency, safety, and accountability of our school transport services.

To facilitate a smooth implementation, we kindly advise all parents to complete the survey form available at the link below:
